ADDITIONAL INFORMATION

Accommodations

EXCEPTIONAL RIVIERA 53 SEDAN ENCLOSED FLYBRIDGE

METICULOUSLY MAINTAINED, UPGRADED AND CARED FOR SINCE NEW!

The Riviera 53 Sedan Enclosed Flybridge is a vessel of considerable internal volume, allowing Riviera's designers to create unprecedented living spaces, elegant amenities and unrivalled performance.

The vessel's lines on the water are both powerful and noble, with a strong sheer forward and raised topsides, create as much freeboard as a much larger vessel.

The Riviera 53 features hull lines that run straight aft for maximum beam, creating a powerful lift and planing surface along with great stability.

Moulded window casings create style and function, bringing 360 degrees of light into the interior and offering water views from every saloon seating position.

Luxury accommodations below deck of a much larger yacht featuring a 3 stateroom, 2 full-head layout with a full beam, king-size master stateroom, VIP stateroom and starboard bunk bed stateroom.

Seascope has been carefully equipped and continuously outfitted & upgraded for extended cruising in the Pacific Northwest (More than \$200,000 in custom equipment added to vessel during original commissioning, with an additional \$200,000 in upgraded equipment by the current owners since 2020).

Galley

Key Features:

Triple Volvo Penta D6-435hp IPS600 pod drives (only 784 well maintained hours)

Two additional joystick docking stations (starboard aft bridge & port forward cockpit deck)

Volvo Penta DPS (Dynamic Positioning System)

Factory upgraded 4000W inverter from standard 2000W ONAN 21.5kw genset with sound shield and underwater exhaust (1,070 hours)

Webasto 80,000 BTU diesel-fired hydronic furnace system throughout all three levels of vessel (new in 2022)

Filtrations Concepts reverse osmosis 1200 gallon per day water maker with programmable auto fresh water back flush

Full complement of Furuno navigation system, Furuno NavNet TZT14 TZ touch multifunction displays x 3, open-array radar, autopilot, depth sounder with 1Kw transducer, weather GPS, AIS, 2 - closed circuit cameras

Starlink with custom retractable mount alongside KVH TracVision M5 satellite tv system

Factory optioned teak cockpit with custom transom bench upholstered in upgraded Macro-marine to match forward cockpit mezzanine bench seating & custom high gloss teak table mounted at aft facing mezzanine bench. Custom high gloss varnished teak cockpit table mounted in front of transom bench on high-polished stainless steel, electric hi/lo pedestal. (same custom electric hi/lo pedestal mounted

to interior salon table).

Cockpit custom mounted Sunbrite 32" TV with all-weather protection case displaying full suite of entertainment and Furuno screen mirroring, coupled with a swing open awning window brings seamless transition between salon and entertainment from the inside-out.

Steelhead ES1000 power rotate hydraulic crane with remote control for easy deployment & retrieval of tender

12' Rigid Sport center console tender with Yamaha 40hp four stroke outboard (wired for Scotty electric sockets) & Garmin gps/chartplotter/sounder (steering cables replaced 2023)

Owner integrated Siren Connected boat monitoring system provides full vessel monitoring and remote digital CZone switching capabilities for peace of mind related to security, power, temperature, tank levels, bilge status, positioning, and state of battery charge.

Upgraded Quickline Ultra 77lb polished stainless steel anchor with 330' 3/8" chain Aqualuma LED underwater transom lights

The extensive list of custom options & upgrades goes on as described below.

Diligently maintained by same local Volvo Penta dealer since new

Important Disclaimer:

For Vessels: The details of this vessel presented herein are based exclusively on representations made to us by the seller and are solely related to the vessel and not ancillary items such as moorage. While we are not aware of any reason to believe these representations are inaccurate in any material way, we have not conducted independent investigation or diligence to verify same. As a result, it is the express responsibility of, and we highly recommend that, interested parties perform such investigations and diligence as required to confirm all material terms of the listing. Furthermore, interested parties are responsible for engaging such parties as are required to complete its confirmatory investigations, including but not limited to a purchase agent, legal counsel, inspectors, mechanics, and surveyors. Final terms and conditions related to the sale of vessel will be contained in an agreement of purchase and sale, which agreement shall contain all representations, warranties and covenants of the parties related to the vessel and specifically supplant the details presented in this listing. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

For boathouses, boat sheds, moorage slips and docks: The details of this [boathouse, boat shed, moorage slip or dock] presented herein are based exclusively on representations made to us by the seller and are solely related to the [boathouse, boat shed, moorage slip or dock] and not ancillary items such as moorage, tenancy rights of any party or live aboard rights. In addition, no representation or warranty is made in respect of physical condition. As a result, it is the express responsibility of, and we highly recommend that, interested parties perform such investigations and diligence as required to confirm all material terms of the listing. Furthermore, interested parties are responsible for engaging such parties as are required to complete its confirmatory investigations, including but not limited to a purchase agent, legal counsel, inspectors, mechanics, and surveyors. In addition, we make no representations as to the transferability of the moorage, the price of moorage, any terms of the moorage or existing tenants and the legitimacy of any tenants. We highly recommend that potential buyers speak with the marina, tenants or owner directly in order to gain a full understanding of any details important to the buyer prior to inspection. This boathouse, boat shed, moorage slip or dock is offered subject to prior sale, price change, or withdrawal without notice.

Engines/Mechanical Systems

The Riviera design team has brought light and fresh air from the huge cockpit into the main salon living space, through a sliding glass door and a hinged awning window.

Stepping aboard from the cockpit to starboard is a C-Zone Touch Screen. The screen offers full control of circuits as well as the ability to view important on-board systems information such as tank levels and power levels (for both AC and DC supplies), and also provide audible and visual alarms with systems diagnostics.

The U-shaped galley is to port and features large aft and side windows for an expansive, open feeling.

Forward of the galley is the salon with a C-shape dinette to port, facing a C-shaped settee on the starboard side including a custom storage bench with integrated table to socially accommodate up to 10 in sheer cruising comfort. The leather settees are luxurious, with a generous depth of padding and leather upholstery. Window coverings feature Roman Blinds. An upgraded wide screen 45" Sony Bravia Smart TV on electric lift rises from the dash forward on the port side bringing Bose Stereo System entertainment to the entire living area.

Stepping down from the salon are 3 staterooms and 2 heads with full showers. Laundry is conveniently located in the companionway with a premium brand washer and dryer.

A Guest cabin is to port and features twin upper/lower bunks with a cedar-lined locker, chest of drawers with built-in bureau and a large additional storage compartment under the lower bunk with hydraulic lift for safety supplies and flybridge bed cushions.

Forward, you enter the VIP Stateroom which features full headroom, an island queen size bed, overhead hatch for light and ventilation, wraparound high gloss timber cabinetry and soft upholstered fabric panel details, creating a very warm and inviting space. This cabin's considerable floor space enhances a very spacious cabin with a bureau fitted with a mirror. A mounted LG 24" Smart TV completes the VIP stateroom. Includes private access to the Guest head with shower.

The full beam Master Stateroom features a headliner detail of lighting, fabric and timber above the king size bed and soft fabric upholstered headboard. A brand-new custom mattress completes the luxurious feel to the master stateroom. Large fixed and opening port holes bring light and fresh air into the master suite with an Open Port alarm system sounding at the helm. A double seater lounge to starboard and dresser bureau to port add to the sense of total, private luxury. A flush mounted 43" Smart TV is mounted in the forward bulkhead. A walk in cedar lined closet with access panel to vessel plumbing/water controls and hot water tank. Its own separate ensuite has non-slip floor, vanity unit mounted w/porcelain feature sink, shower stall w/teak seat, vacu-flush toilet and Grohe fittings. Positioned amid ships forward of the main engineering space making this stateroom extremely quiet.

The Enclosed Flybridge is reached from the starboard stairs in the salon and is an additional living/entertainment space. The helm is forward for long-distance cruising with skipper and mate seated on twin swivel pedestal chairs for maximum visibility. To starboard of the helm is a settee allowing guests easy conversation with the skipper and full forward viewing while cruising. Aft of the helm is a dinette table with upholstered Cshape settee which seats six comfortably or can be quickly changed into a bed for additional guests. A wet bar with drawer fridge and sink serves to refresh while underway or entertaining while in port. A mounted 32" Smart TV above the wet bar to allow passengers to remain entertained while underway. Prepared food is easily brought up to the flybridge from the galley below via the internal staircase. At rest or underway, the staircase can be secured for privacy or as a safety precaution via a folding, lockable hatch that disappears when open into the timber cabinetry. The roof of the flybridge boasts a sliding electric sunroof creating a sky-lounge, typical of much larger vessels. Side-opening windows and surround visibility will add to the light, airy atmosphere.

Factory Build List & Custom Option Upgraded

Key Features to Note:

Main Level

Galley

- Miele combo oven includes convection/microwave oven
 - induction 4 burner cooktop
 - Vitrefrigo drawer refer (3) and freezer
 - Fisher and Paykel dishwasher
 - Upgraded hot/cold taps installed (2021)
 - UV water & ice maker filtration system, complete with drinking water tap
-

(2020)

Salon

- Upgraded Sony 45" Smart TV (2020) on motorized lift for quick display and stowage
- Custom teak storage bench with upholstered top and table for entertaining

(2021)

- Bose WIFI for wireless music (2020)
- Articulating dining / coffee table with hydraulic push button lift (motor replaced

in 2025)

- Large liquor, wine and glass display case is placed starboard

Staterooms

VIP Stateroom

- Queen size bed and mattress
- Upper storage cabinets - dual
- Cedar lined full length closet - dual
- Skylight with enclosure and black out slider
- Custom mount for new LG 24" Smart TV above starboard bureau (2020)
- Upgraded foam mattress topper
- VIP head Includes above counter sink, electric head, and full shower. Lighting includes silhouette and traditional lighting, and access hatch as additional lighting source

Master Stateroom

- Custom king size Fawcett mattress for luxurious comfort (2021)
- Upgraded Samsung 43" Smart TV
- Upgraded and new hot water tank for extended hot water feed (2022)
- Upgraded new silent freshwater AC pump located under the bed (2024), with installed back-up pump for contingent operation
- Double person leather upholstered lounge seating
- 3 opening portholes, one alarmed to helm
- Ample drawers and cabinets for storage
- Master head, includes above counter sink, electric head, and full shower (sump pump replaced 2022). Lighting includes silhouette and traditional lighting.

Bunk Stateroom

- Twin bunk beds to expand sleeping capacity
 - Separate cedar lined full length closet and storage drawers
 - Ample under-bed storage for safety items and life jackets as well as flybridge table/bed cushions
-

Helm Level

- U-shaped large settee with 6-person seating capability for dining, relaxing and entertaining (re-upholstered 2021)
- Two-person lounge seating next to skipper and mate seats (re-upholstered 2020)

- Integrated Dyson vacuum mounted below helm electronics (replaced in 2022)
- Skipper and mate twin swivel leather pedestal chairs for maximum visibility, with adjusters
- Wet bar with drawer fridge and sink serves to refresh while underway or entertaining
- 32" Smart TV mounted above the wet bar for entertainment
- Integrated and internal teak staircase with slip guards
- Folding, lockable hatch that separates helm and saloon and that disappears when open into starboard timber cabinetry
- A sliding electric sunroof creating a sky-lounge, typical of much larger vessels
- Side-opening windows and surround visibility will add to the light, airy atmosphere
- Starlink custom bracket actuator switch to raise or lower for enroute storage and stationary deployment (2022)
- TZT 14 touch screens (x3) (replaced 2021 (1) and 2025 (1))
- Autopilot control
- Bennett trim tab control system
- Fusion Apollo stereo with remote play stations (2020)
- VHF dual station VHF radio (2022)
- C-Zone monitoring panel and controller

Flybridge Roof

- GP330B GPS for Furuno system (2020)
 - Peplink external roof antennas for wifi and cell boost (2021)
 - Solar panels and inverter: SOL-GO 115W 12V, Victron smart/solar controller (2022)
-

- TracVision TV-5 dish and hub (2020)
- Starlink wifi dish with integrated electric actuating mount (2022)
- Furuno weather station (upgraded 2022)
- Integrated AIS broadcast and receive function GPS locators

Exterior Decks

- Custom swim-deck mounted stainless steel integrated staples (2023)
- Remote control (key chain) cockpit lighting controls for safe entry and exit
- Steelhead deck mounted (ES1000) crane (2020)
- Custom stainless removable chocks on bow (2020)
- Crane tender lifting removable harness (2021)
- Anchor camera for stressless anchor deployment and retrieval (2023)
- Dual tank aluminum propane storage tanks with through hull access for seamless

BBQ use

- Power washer connection, wand and hose located in basement
- Rear access hot/cold shower
- Fresh water bypass for at dock continuous fresh water (2022)
- Cockpit mounted articulating aft table with lift capabilities for high/low table options (articulating motor replaced in 2025)
- Forward aft custom teak table with slide with matching settee for entertaining (2022)

Garage/Basement

- Custom installed toolbox bench and mounted toolbox (2020)
 - Vitrifrigo WNC 95 33-bottle wine cooler (2021)
 - Custom built expansion battery bay for additional house battery capacity with added Fire Fly 4V 450AH microcell carbon foam batteries (6) (2021)
 - AC sea water pump replacement (2022)
 - Low temperature continuous monitor heater (2020)
 - Webasto Hydronic Furnace 80,000 BTU, thermostats installed in galley, all staterooms and flybridge (2021)
 - High volume freshwater maker with programmable fresh water auto back flush capability (high pressure membranes replaced in 2023)
 - Dual 50 amp Glendinning shore power cable storage
 - 50 amp shower power cable (90 feet) (2023)
 - Dock booster transformer / precision voltage regulator integrated to starboard
-

power input line (upgraded in 2022)

- ONAN 21.5kw genset with sound-shield and underwater exhaust
- CZONE digital switching AC DC electrical panel and components (updates annually)
- Magma Marine Monterey II Infrared Gas Grill (2022)

Engines/Mechanical Systems

- Triple Volvo IPS 600 Diesel (435hp)
- Twin lever electronic controls
- Electric variable rate steering
- 7" Volvo engine operating and monitoring display
- Joystick at flybridge helm, starboard aft flybridge docking station and lower cockpit port side docking station

The unique design of Volvo Penta IPS makes a HUGE difference when it comes to performance, emissions and efficiency of onboard space & comfort.

- 30% reduced fuel consumption
- 30% less CO2 emissions
- 50% lower perceived noise level
- 40% longer cruising range
- 20% higher top speed
- Safe and predictable handling
- Joystick docking
- ONAN 21.5kw genset with sound shield and underwater exhaust (1,070hrs.)
- CZONE digital switching AC DC electrical panel (display monitors located flybridge helm and galley to starboard)

Engine Specific Options

- Triple Volvo IPS 600 Diesel - (320kw/435hp) with twin lever electronic controls, electric variable rate steering, 7" engine display & joystick to helm station (fresh water cooling), DPS (Dynamic Positioning System - vessel hold) & slow vessel mode
 - Joystick (Volvo IPS) – one moulded into port side cockpit quarter panel with GRP lid and two mounted under flybridge wetbar, aft starboard flybridge
-

Mechanical

- Secondary fresh water pump (switched independently as back-up)

Fuel Filters

- Fuel filters/ water separator for engines & generator

Custom Dealer Installed Equipment List

- Furuno Electronics:
- TZT 14 touch screens (x3)
- Radar
- Weather GPS
- AIS
- Sounder & Transducer
- Ethernet Switch
- Autopilot
- Raster Chart
- NMEA Converter
- VHF Radio
- Watermaker. FCI 1200 gallon/day
- CCTV Cameras (x2)
- Pressure Washer
- Webasto Diesel Hydronic Heating System
- Anchor, Quickline Ultra high polished stainless steel 77lb
- Tender. Ridgid 12' Sport with downrigger mounts
