VALUES

A TRUE NEW DEHLER

Eine Ikone der Segelgeschichte kehrt zurück.

1986 begründete die erste Dehler 34 den Bootstyp des Performance Cruisers. Sie basierte auf den Dehler Weltmeisteryachten, welche durch ein bequemerer Handling und deutlich mehr Wohnkomfort tourenfähig gemacht wurden.

An icon of sailing history returns. In 1986, the first Dehler 34 established the performance cruiser as a new type of boat. She was based on the Dehler world champion yachts, which had been provided with a comfortable handling and a pleasant living space to offer full cruising qualities.

VALUES

PERFECTION IS BASED ON EXPERIENCE

Ein neues Dehler Modell ist erst vollendet, wenn es nichts mehr zu optimieren gibt.

Bis dahin fließt unsere ganze Erfahrung aus Jahrzehnten Konstruktionsarbeit, tausenden Yachten und kontinuierlichen Innovationen in die Entwicklung mit ein.

The creating process of a new Dehler model is only completed once there is nothing left to improve. Up to this point, all the experience we gained from decades of design work, thousands of yachts and continuous innovations are incorporated into the development.

25.314 YACHTS

have been delivered by Dehler since 1963 – an experience that results in excellence.

859 INNOVATIONS

that made sailing and living on board significantly more enjoyable were invented by Dehler.

63 MODELS

in all sizes up to 60 feet were created by our designers and developers.

MORE THAN 50 YEARS

of yacht building have continuously increased the demands we place on ourselves and made us one of the leading sailing boat manufacturers.

1 PROMISE

follows from all we achieved until today:
To build the one Dehler 34 you wish for.

VALUES

DEHLER 34

FULL OF IDEAS

MORE SPEED

- | Maximized sail area
- | judel/vrolijk & co designed performance hull
- | Light-weight construction
- | Competition options available

PERFECT QUALITY

- | Full sandwich hull
- | Durable & reliable materials installed
- | Hand-laid teak deck with vacuum bonded wood

HIGHEST SAFETY

- | High righting moment
- | Dehler hull/deck joint
- | Dehler Carbon Cage

INTELLIGENT FUNCTIONALITY

- | Two steering columns
- | Mainsheet traveller
- | Dehler Uni Door Concept

OUTSTANDING DESIGN

- | Distinctive window line
- | Sleek and elegant profile

BEST RESALE VALUE

- | Made in Germany
- | Timeless elegance
- | Global customer support

STRONG INNOVATIONS

- | Carbon reinforcement in the bottom structure
- | German mainsheet system
- | Plotter pods designed for optimal ergonomics
- | Recessed cockpit seats

OUR VALUES

In unserem Streben nach der idealen Yacht lassen wir uns von drei klaren Werten leiten. Diese Werte haben uns einst zu den Pionieren im deutschen GFK-Bootsbau gemacht – und sie stecken noch heute in jeder Dehler, die unsere Werft verlässt.

Our passion for creating the perfect yacht is based on three clear values. These values made us a pioneer in German GRP boat building and can be found today in every Dehler leaving our shipyard.

engineered
by **Dehler** 

Value No. 1

PROCEED WITH SPEED

Für uns gehört Segelleistung zu den wichtigsten Tugenden einer Yacht. Warum? Weil es immer wieder begeistert die Kraft zu spüren, mit der der Bug rasant die Wellen durchschneidet. Und um Begeisterung geht es beim Segeln nun einmal. Deshalb haben auch unsere komfortablen Yachten immer Sport-Gene.

For us, sailing performance is one of a yacht's most important qualities. Why? Because it is incredible fun to feel the force the bow exerts when cutting through the waves at a terrific pace; and sailing is simply about having fun. That's why our comfortable yachts have always sports in their DNA, too.

Value No. 2

SMART PERFECTION

Eine perfekte Yacht ist schnell, sicher und schön. Die Ausstattung lässt keine Wünsche offen. Im Design verschmilzt Funktion mit Ästhetik und die Verarbeitung ist makellos bis ins kleinste Detail. Diesen hohen Ansprüchen fühlen wir uns bei Dehler täglich verpflichtet. Wir bauen jede Yacht so, dass Sie beeindruckt sind von den vielen cleveren Ideen. Wenn alle Lösungen ganz einfach aussehen, obwohl es harte Arbeit war, dann ist es „Smart Perfection“.

A perfect yacht is fast, safe and beautiful. Its features meet any desire a sailor might ever have. Its design blends functionality with aesthetics, and the workmanship is flawless, right down to the smallest detail. These are the high standards we are committed to, striving to meet them every day. We build each yacht in such a way that you will be impressed by lots of clever ideas. 'Smart Perfection' is when solutions seem really simple although hard work has been put into them.

Value No. 3

GERMAN ENGINEERING

Dehler steht für die Werte, die „Made in Germany“ zu dem Gütesiegel gemacht haben, das es bis heute ist. Vor allem zählt für uns Gründlichkeit. Präzision in jedem Detail prägt unser Denken und Handeln sowie die Wahl unserer Partner. Dazu gehören vor allem die international renommierten Yacht-Konstrukteure judel/vrolijk & co. Sichtbar wird dies in zeitlosen Formen mit dynamisch-eleganten Linien.

Dehler justifies values that turned 'Made in Germany' into the seal of approval that it is today. Thoroughness counts before everything else. Precision in every detail is what shapes the way we think and act as well as who we choose to be our partners. Most notably, the internationally renowned yacht designers judel/vrolijk & co belong to our partners. Timeless shapes with dynamic, elegant lines are testimony to all of this.

INDIVIDUALITY

IT'S UP TO YOU

Die Dehler 34 ist wandelbar, wie ein Chamäleon. Fahrtenschiff, Performance-Cruiser, Regatta-Yacht: Ihre Fahrleistungen lassen sich nach Belieben steigern und passen sich Ihrem Segelstil an. Auch unter Deck stehen Ihnen alle Möglichkeiten offen. Hier löst eine Vielfalt an Kabinenlayouts und Materialien unser Versprechen ein: Die Dehler ist immer das, was Sie daraus machen.

The new Dehler 34 is as changeable as a chameleon. Touring yacht, performance cruiser, regatta racer – her speed performance can be increased as you like and adapts completely to your personal sailing style. Even below deck, all options are open. Offering a huge variety of cabin layouts and materials, we keep our promise: The Dehler is whatever you make it.

First choice for speedy sailing: the carbon rig.

High quality vacuum bonded teak deck.

Stylish and custom made: the interior of your Dehler 34.

INDIVIDUALITY

EASY
TO SAIL

Höchster Segelkomfort gehört bei einer Dehler zur Grundausstattung. Bestes Beispiel: Das German Mainsheet System. Es führt die Großschot auf beiden Cockpitseiten direkt zum Steuerstand. Sie haben alles in Reichweite, was Sie zum Manövrieren benötigen.

On a Dehler, great sailing comfort is part of the basic equipment. It comes, for example, with the German Mainsheet System taking the mainsheet on both sides directly to the helm. This ensures that all you need for your manoeuvring is within immediate reach.

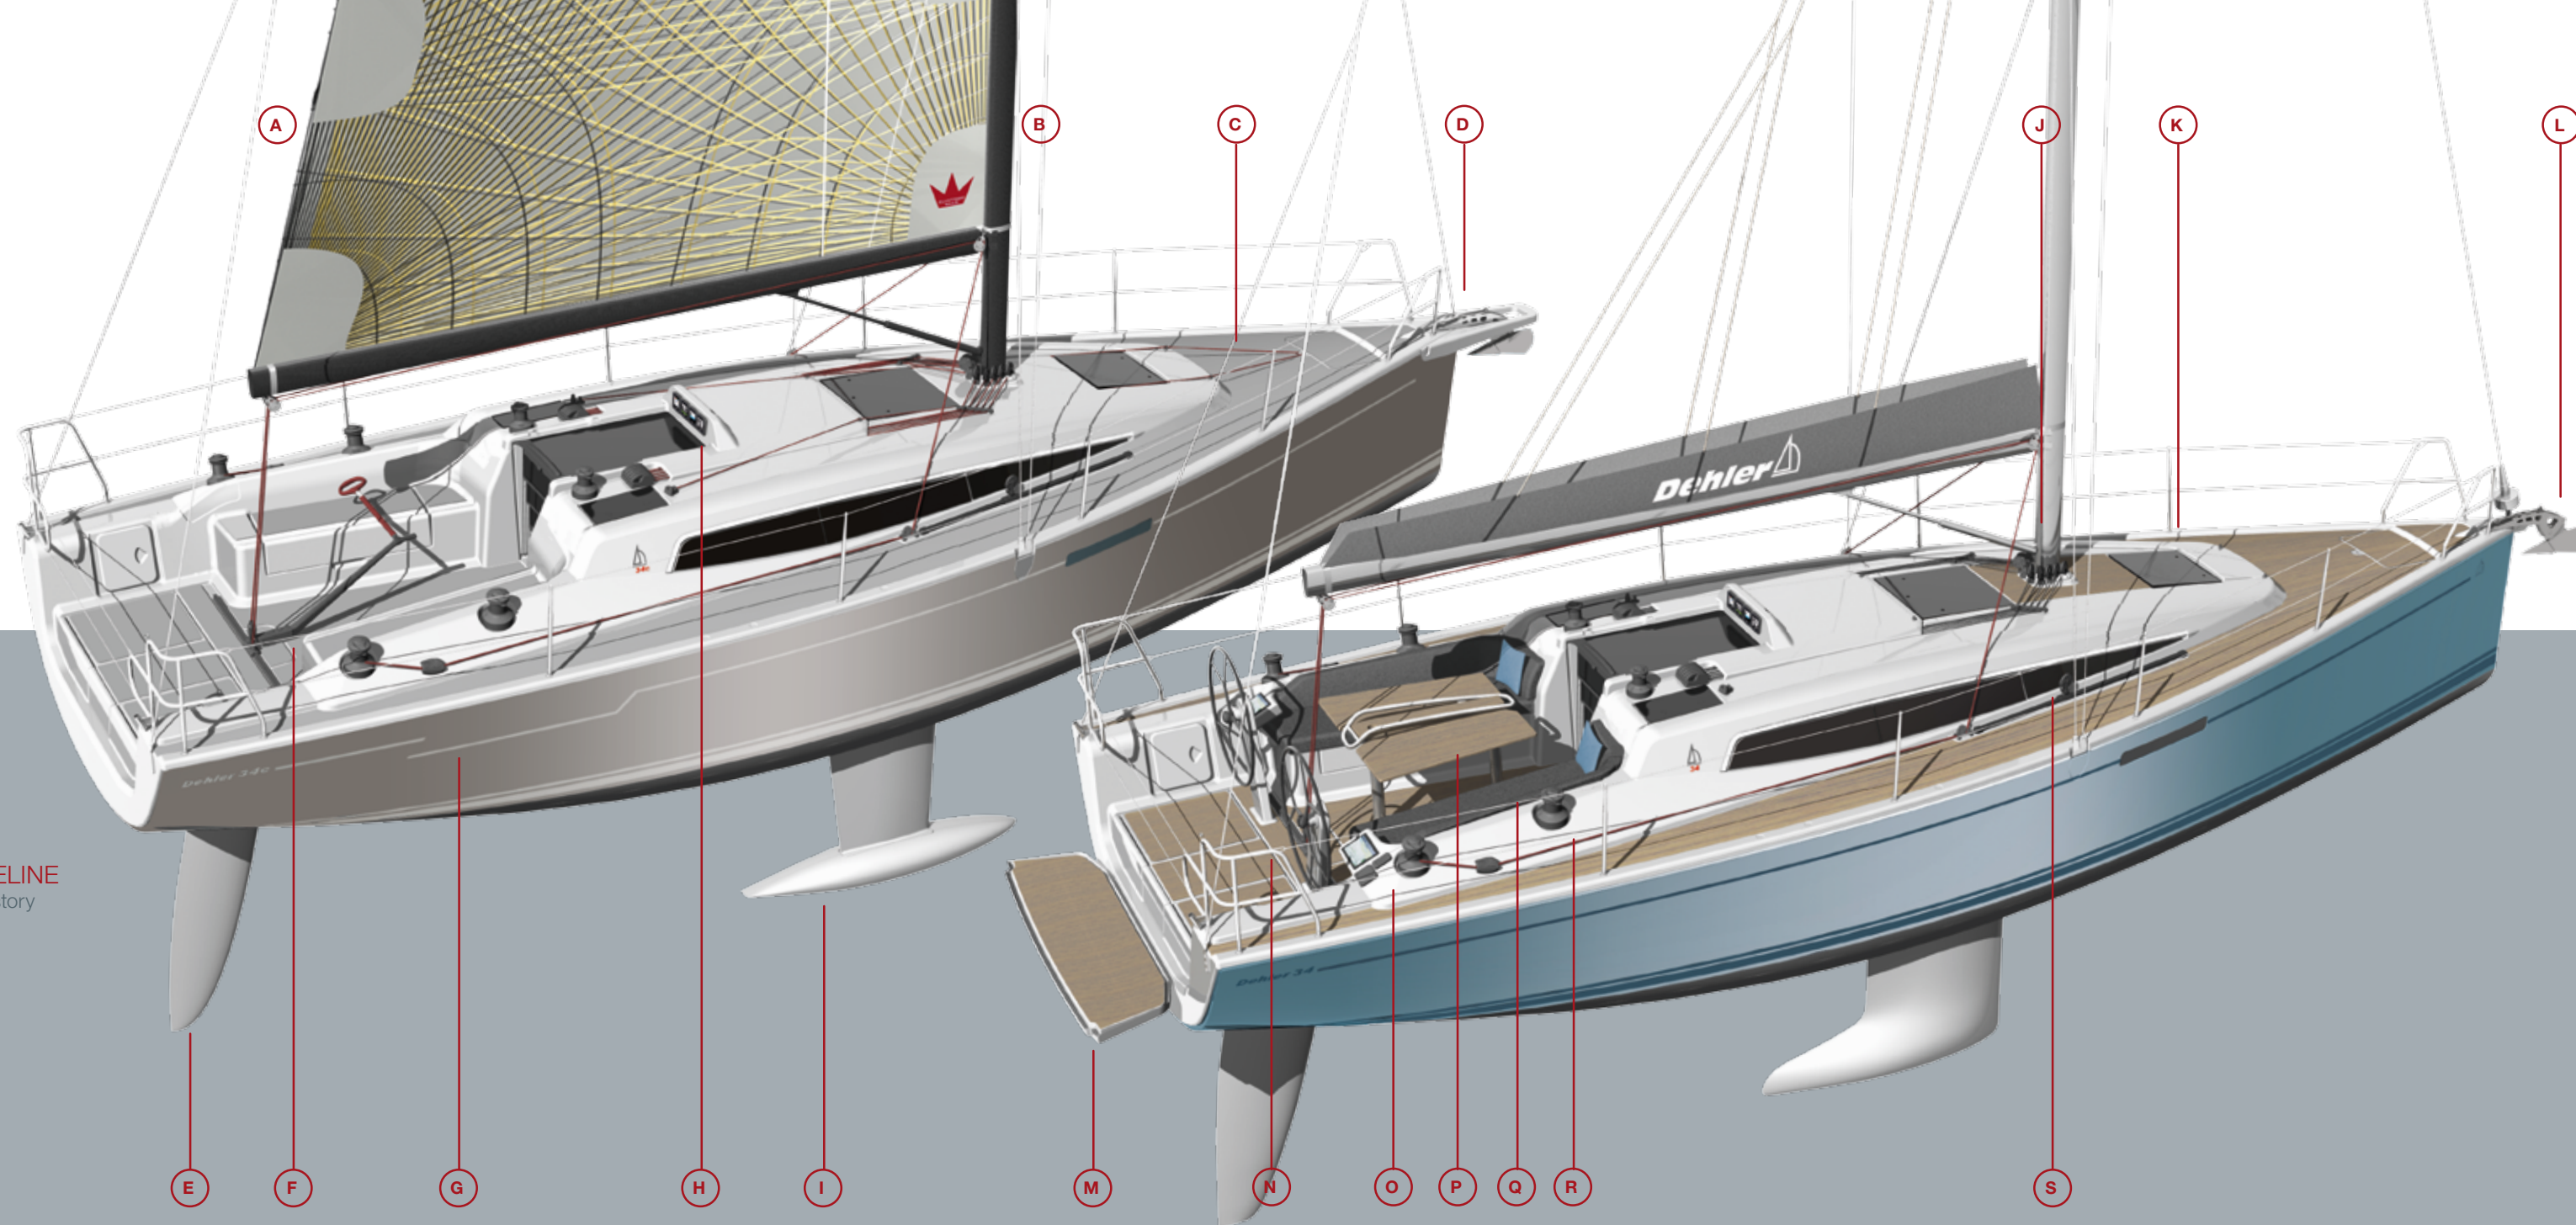

HARD
TO BEAT

Mit den richtigen Optionen wird aus dem komfortablen Performance-Cruiser eine Regatta-Yacht. Für Crews von zwei bis acht Mann, für die Wettfahrt mit Freunden – oder um bei internationalen Regatten auf Sieg zu segeln. Wann starten Sie? Die Dehler 34 haben wir – wie jede Dehler – bereits nach OCR Regeln vermessen lassen.

By choosing the right options, you can turn your luxurious performance cruiser into a regatta yacht. For crews with two to eight members, for races with friends – or to compete in international regattas and fight for the victory. When do you start? Dehler 34, like every Dehler, has already been measured according to the ORC standard.

COMPETITION STYLE

EXTERIOR

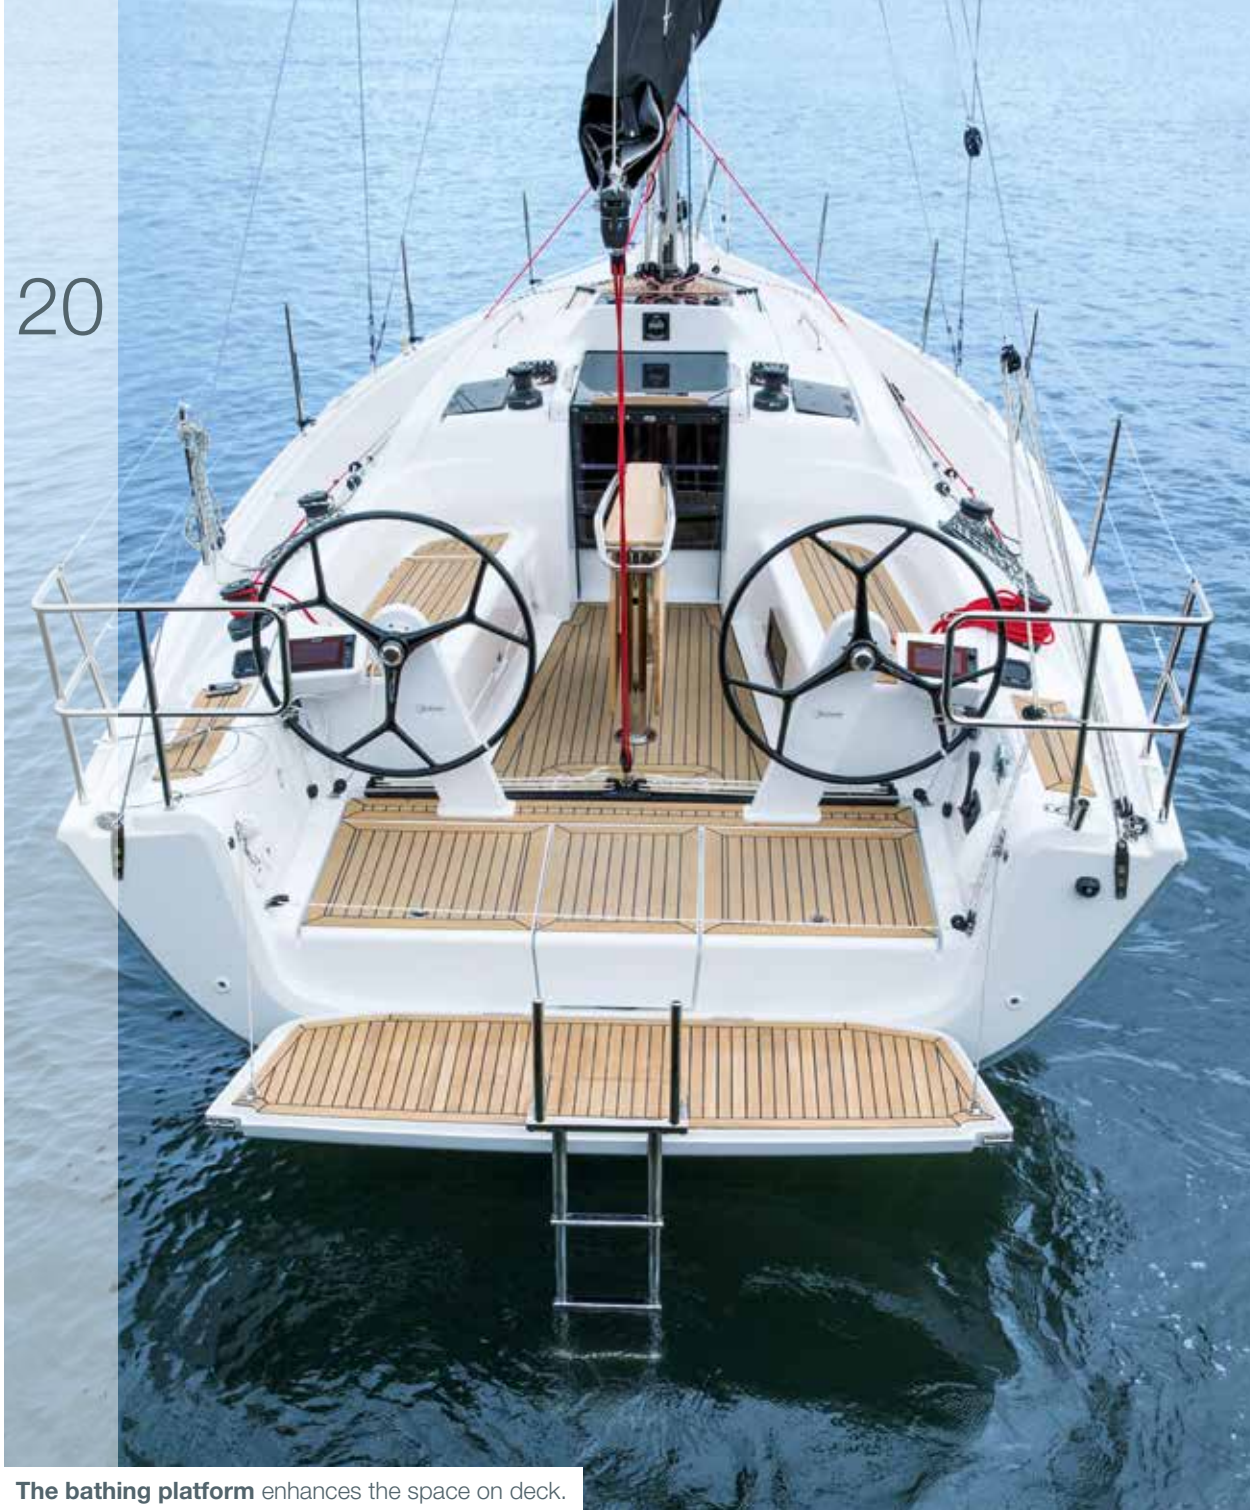

CHARACTER THAT MEETS THE EYE

Die Dehler 34 ist vieles: edles Apartment auf See, High-Tech-Sportgerät – und dank ihres Designs ein markantes Bekenntnis zum echten, unverfälschten Segeln.

The Dehler 34 is many things: an exquisite apartment at sea, high-tech sport equipment – and due to her design, a distinctive commitment to the unadulterated kind of sailing.

19

The bathing platform enhances the space on deck.

EXTERIOR

DECK

Auf den ersten Blick fällt das klare, aufgeräumte Design des Decks auf. Alle Winschen, Klampen, Rollen und viele weitere clevere Details sind an der richtigen Stelle und genau so positioniert, dass beim Segeln alles perfekt zur Hand liegt.

The distinct, clean-cut deck design catches your eye at first glance. All the winches, cleats, rollers and many smart details more are positioned just in the right places, so everything will be close at hand.

Anti-slip side deck with **genoa tracks adjustable from the cockpit** and openable windows for optimum ventilation.

Y-spoke wheels and traveller for perfect sailing.

Navigation instruments can be alternatively **placed above the companionway**.

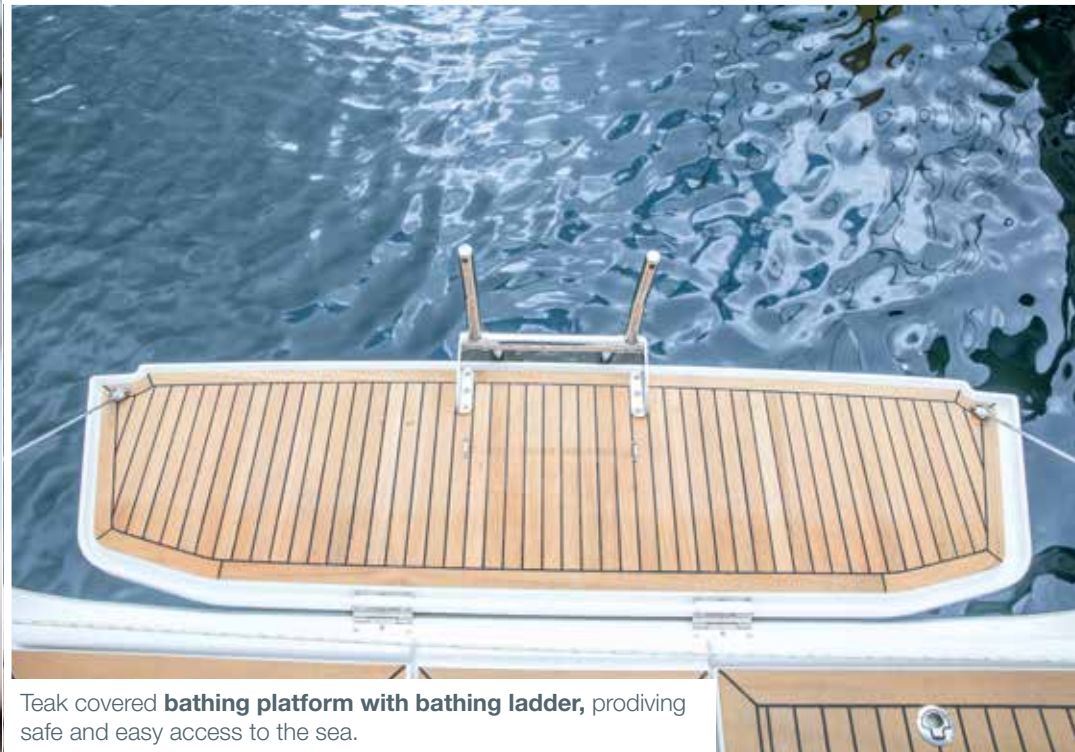

22

Ergonomic **plotter pods** are positioned in front of each steering wheel.

The optional **bow sprit** increases the sailing performance with asymmetrical headsails.

Teak covered **bathing platform with bathing ladder**, providing safe and easy access to the sea.

23

Recessed into the floor, the **mainsheet traveller** allows an ideal trim of the mainsail.

Smart solution – the **integrated companionway hatch**.

The latest Dehler innovation: **Recessed cockpit seats** give more safety when sailing.

TECHNICAL RIG SPECIFICATIONS

EXTERIOR

CARBON RIG

Unser Rigg aus dem High-tech Werkstoff Karbon bringt entscheidende Vorteile: Der Mast ist länger, leichter und steifer als der Standard-Alu-Mast, bietet eine größere Segelfläche – und damit ein Mehr an Segelleistung bei leichtem Wind und bei Seegang.

Our rig made of the high-tech material carbon provides decisive advantages: The mast is longer, lighter and stiffer than the standard alu mast. It enlarges the sail area, which increases the sailing performance in rough seas and under low-wind conditions.

BOOST YOUR SAIL PERFORMANCE BY 20 S/NM

When equipped with HPM sails and carbon rig, competition rudder and deep keel, your Dehler 34 can sail significantly faster:

ALU RIG		CARBON RIG	
at 16 kn true wind		at 16 kn true wind	
45°	7.0 kn	45°	7.1 kn
60°	7.5 kn	60°	7.6 kn
90°	7.9 kn	90°	8.1 kn
120°	8.3 kn	120°	8.5 kn
135°	7.9 kn	135°	8.1 kn

As a result the yacht is approx. **20 s/nm faster**, achieving an ORC value of **GPH 633 s/nm**.

Sail Performance

PERFORMANCE SAILS

NEW!

DEHLER FREERIDE CODE

Das neue Dehler **FREERIDE CODE** besitzt die perfekte Segelgröße zwischen Genua und Gennaker und hat den größten Windeinsatzbereich seiner Klasse. Das heißt: Vom Am-Wind-Kurs bis zum tiefen Raumkurs bringt das FREERIDE CODE Ihre Dehler auf Geschwindigkeit.

Dabei ist es ein voll einhandtaugliches Segel. Es wird aus dem speziell entwickelten Sailbag vom Deck gesetzt. Mit zwei Klicks wird es am Ankerbeschlag und Gennakerfall befestigt und kann eingerollt als zweites Vorstag im Hafen gesetzt bleiben. Gefahren wird das Dehler FREERIDE CODE mit den Gennakerschoten über eine beliebige Winsch im Cockpit.

The new Dehler **FREERIDE CODE** is the perfect intermediate size between genoa and gennaker, offering the largest wind range in its class. That means, the FREERIDE CODE speeds up your Dehler, no matter if your are sailing a close reach or broad reach course.

Fully optimised for single-handed sailing, it is set out of the specially designed sailbag at deck level. Attaching it to the anchor bracket and gennaker halyard takes two simple clicks. The rolled-up sail can remain set as second forestay in the marina. It is operated with the gennaker sheets using any winch in the cockpit.

DEHLER FREERIDE CODE

- | Up to 57.9 m² sail area, for wind speeds starting at 5 kn
- | Made of CZ laminate with trioptimal cut – a very lightweight black material containing Twaron high-performance fibres and black Technora X – Ply
- | Quickly fixed with just two clicks and rolled out
- | High-grade furling system and special furling cable included
- | Specially developed weatherproof sailbag

FREERIDE CODE:
Standard: 51.3 m²
Competition: 57.9 m²

DESIGNED TO MAKE YOU FEEL AT HOME

Machen Sie es sich bequem. Gestalten Sie den harmonischen Innenraum mit seinen elegant fließenden Formen nach Ihren Wünschen.

Make yourself comfortable. Style the harmonious and elegantly shaped interior according to your preferences.

40

INTERIOR

SALOON & PANTRY

Der **zentrale Bereich im Inneren** bietet zahlreiche bemerkenswerte Lösungen zur optimalen Raumnutzung. So lassen sich zum Beispiel die Salonschränke mit ihren markanten Rundungen praktischerweise nach oben öffnen.

The **central area of the interior** provides many remarkable ways of using space efficiently. For example, the saloon cabinets with their distinctive curves open upwards in a practical fashion.

41

A feast for the eye: gently **rounded shapes** and **superb teak woodwork**.

42

Seating area with chart and saloon table, covered with mahogany wood.

43

Seating area with chart and saloon table, covered with cherry wood.

44

Around the washbasin, there is **enough space to place all your toiletries.**

The sweeping shape of the bath furniture guarantees **an optimum use of space.**

INTERIOR HEAD

Darauf sind wir stolz: Das neue Dehler Uni Door Concept, das Ihnen stets die Wahl zwischen zwei Raum-Layouts lässt. Der Clou dabei ist eine Tür für drei Räume. Schwingt die Tür zur einen Seite, entsteht ein geräumiges Badezimmer, das vom Salon getrennt ist. Schwingt sie zur anderen, verschließt sie stattdessen den Raum mit Dusche und WC. Gleichzeitig gibt sie den Durchgang vom Waschbereich zum Salon frei, was ein besonders großzügiges Raumgefühl schafft.

We are proud of our new Dehler Uni Door Concept, which always gives you a choice between two room layouts. Its key feature is having one door for two frames. The door swings open one way onto a roomy bathroom that is separate from the lounge. When the door swings the other way, it closes the shower and toilet room instead. The hallway from the wash area to the saloon is free at the same time, making the room feel very spacious.

45

Dehler Uni Door Concept

1. The door swings open one way towards a roomy bathroom that is separate from the lounge.
2. When the door swings the other way, it closes the shower and toilet room instead.

Large bow cabin with double V-berth and cabinet lockers below.

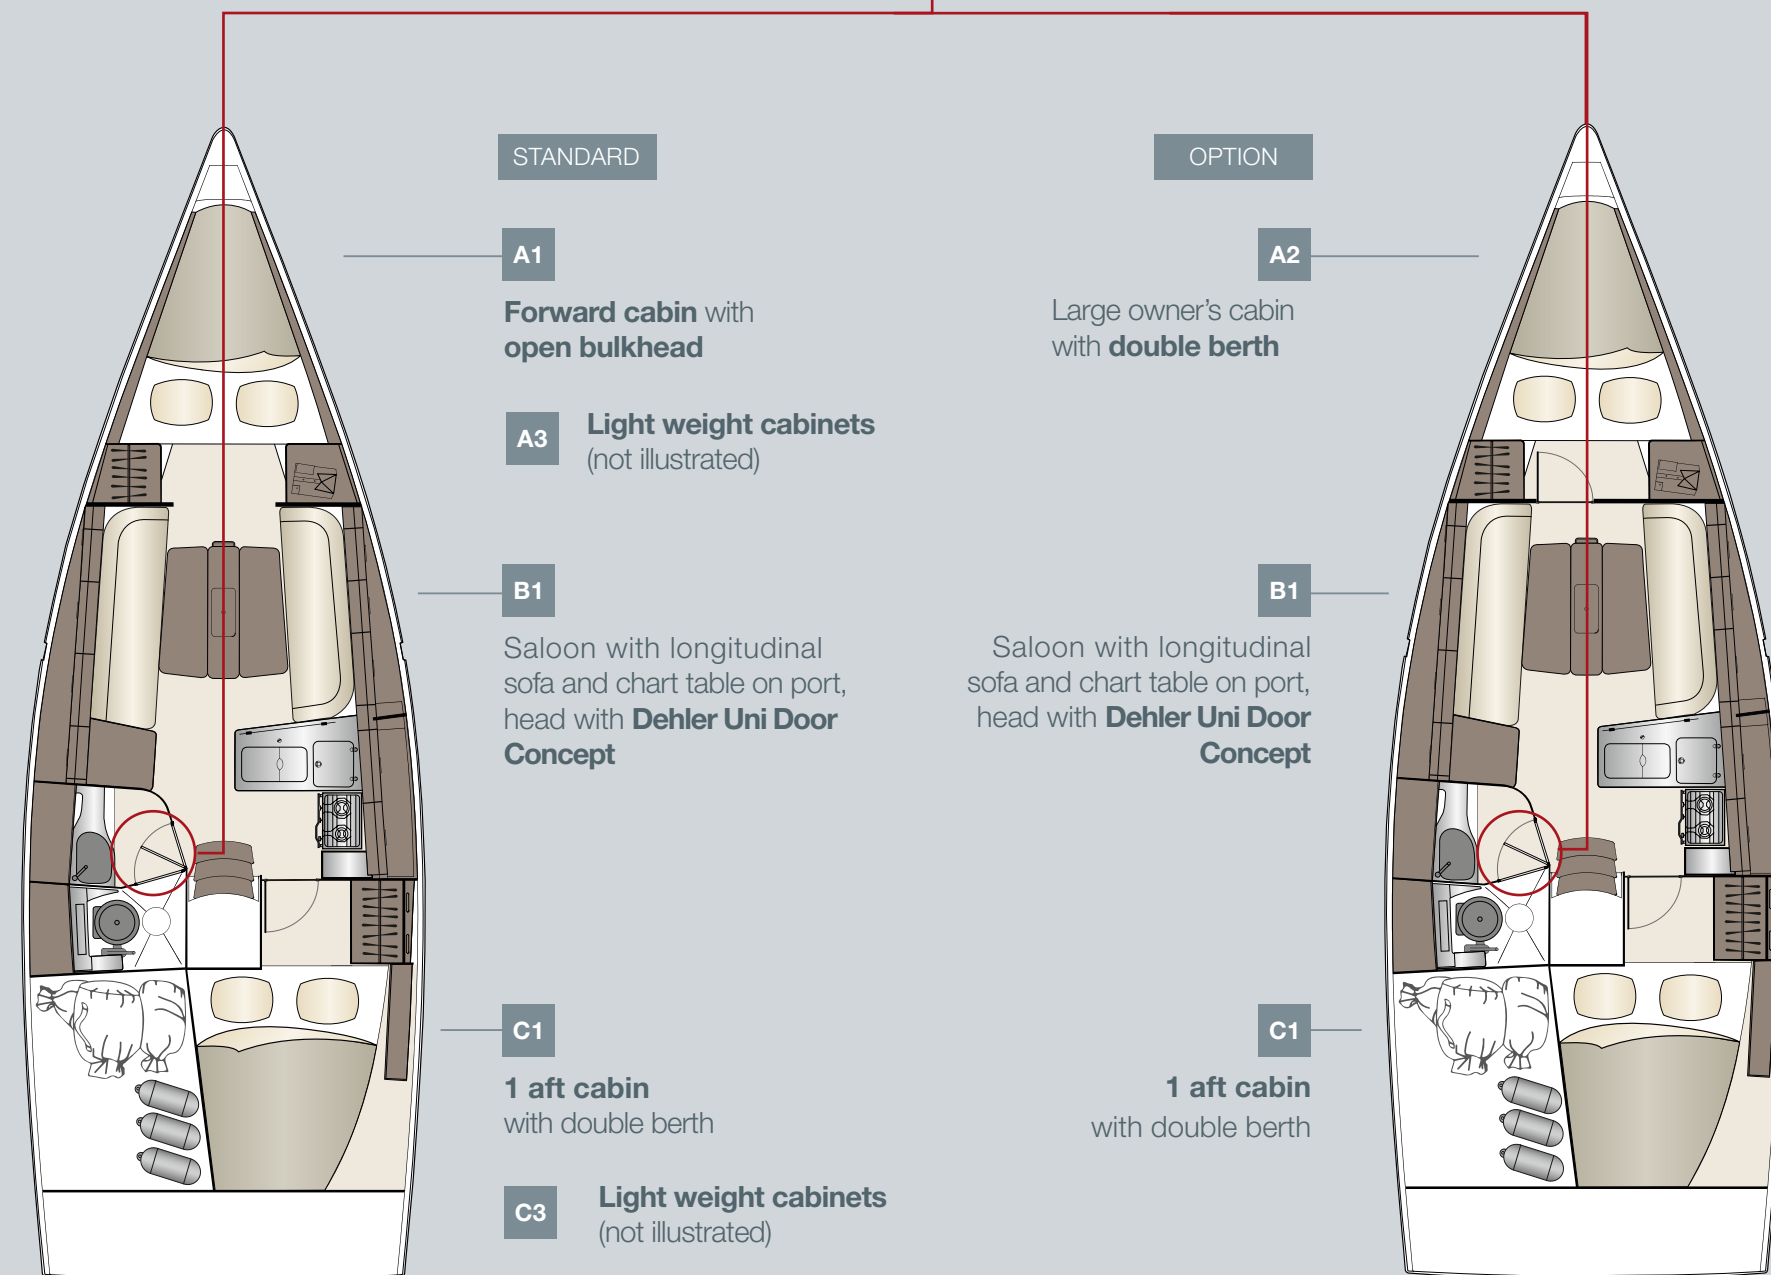

Spacious aft cabin incl. locker on starboard.

INTERIOR CABIN LAYOUTS

In der Standard-Version verfügt die Dehler 34 über eine Vorschiffkabine, eine geräumige Achterkabine Steuerbord und einen großen Stauraum Backbord, den Sie als Segellast oder für sonstige Bordausrüstung nutzen können.

The standard Dehler 34 has a front cabin, a spacious aft cabin starboard and a large storage room portside, which can be used for board equipment or as a sail locker.

INTERIOR

MATERIALS & COLOURS

Verschiedene hochwertige Polstertexturen in unzähligen Farben, veredelt mit effektvollen Kedern. Angenehm weiches Leder. Dekorativ strukturierte Hölzer in allen Schattierungen von Mahagoni bis Kirsche. Da wird schon das Auswählen zum Erlebnis.

Exquisite fabric textures in a large range of colours, refined with decorative pipings. Pleasantly smooth leathers. Attractive wood structures in all varieties from mahogany to cherry. Choosing among these possibilities is an experience in itself.

TECHNOLOGY

DEEPER
INSIDE

Das Innenleben der Dehler 34 ist durchdacht und perfektioniert bis ins letzte Detail. Es wird mit der führenden 3D-Software CATIA entworfen, die auch im Flugzeugbau zum Einsatz kommt. Bestens geschulte Ingenieure gehen in einer virtuellen Yacht ans Werk: Sie teilen Räume intelligent auf, verleihen den Einbauten ausgefallene Formen, erfinden neue Technik – und verwandeln damit die Gesetze der Physik in ein herausragendes Segel-Erlebnis.

The interior of the Dehler 34 is well thought-out and perfected down to the last detail. She is designed with the leading 3D software CATIA, which is also used for aircraft development. Working in a virtual yacht, the most qualified engineers divide spaces in a smart way, create extraordinary furniture shapes, invent new techniques – and doing so, they turn the laws of physics into an unrivalled sailing experience.

3D THINKING CREATES SPACE

DEHLER UNI DOOR CONCEPT

The Dehler Uni Door Concept allows the use of two cabins at the same time. The door is hinged in a position that will either separate the head from the bathroom or close to the adjacent cabin to extend the space of the bath. Smart perfection!

FULL SANDWICH HULL

The sandwich construction allows to make the hull thicker and lighter at the same time. In addition, it insulates against severe cold or heat.

- Sealing: Saltwater-resistant gelcoat
- Core: high tech foam
- Outer skin: glass fibre laminated with vinylester resin

DOUBLE WHEEL STEERING
OR TILLER STEERING

Choose the double wheel for the most comfortable helming or the tiller for fast manoeuvring.

DIESEL TANK (160 l)

- Perfect capacity for long-range cruising
- Optimum weight distribution due to central installation in transom
- Low center of gravity increasing the righting moment

HULL WINDOWS

- Flush-mounted reducing drag when sailing
- More natural light inside the boat

BOW SPRIT

- Increases sailing performance with asymmetrical headsails
- Allows for increased gennaker surfaces thus hence increasing downwind performance
- Easier gybing due to increased space between sail and forestay
- Allows for headsails such as FREERIDE CODE

FRESH WATER TANK (230 l)

- More storage space in saloon
- Improves weight distribution of the entire yacht

MAX BEAM SHROUDS

- High rigidity and stability: loads are directly distributed into hull structure
- No loss of tension or hull torsion hence increased performance
- Increased rig performance: wider spreaders result in a stiffer rig

KEEL STEPPED MAST

- Leads forces directly into the carbon cage
- Increases rigidity, minimizes deck pressure
- Weighs less than a deck stepped mast
- Easier to trim, more seaworthy and secure

ENGINE

- placed in a space saving manner
- easily accessible
- sound-insulated housing
- sufficient space for larger engines
- folding propeller as standard

HIGH-PRECISION MILLING

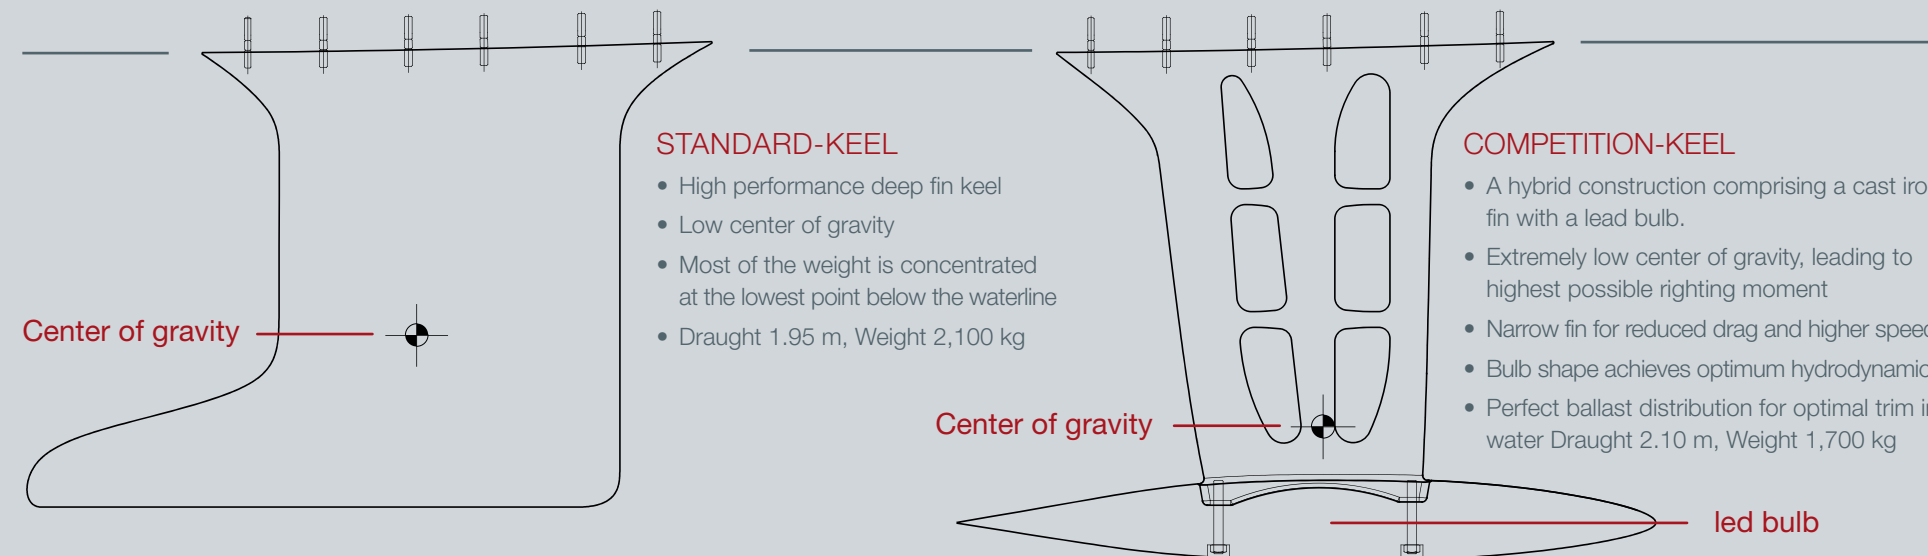

A PERFECT YACHT BEGINS WITH A PERFECT SHAPE

Building the mould marks a crucial step when creating a new Dehler. So we focus – as we do at any stage of the manufacturing process – on leading edge technologies and use computer driven milling systems.

- Hulls and superstructures are cut by a 20 metre long MAK A CNC milling machine. It creates forms that are perfectly symmetrical and remarkably consistent.
- To generate smaller shapes like our ergonomic plotter pods, Dehler uses a KUKA milling robot. It works with an accuracy of 0,4 millimetres and fits perfectly with our idea of quality.

KEEL TYPES

DEHLER CARBON CAGE

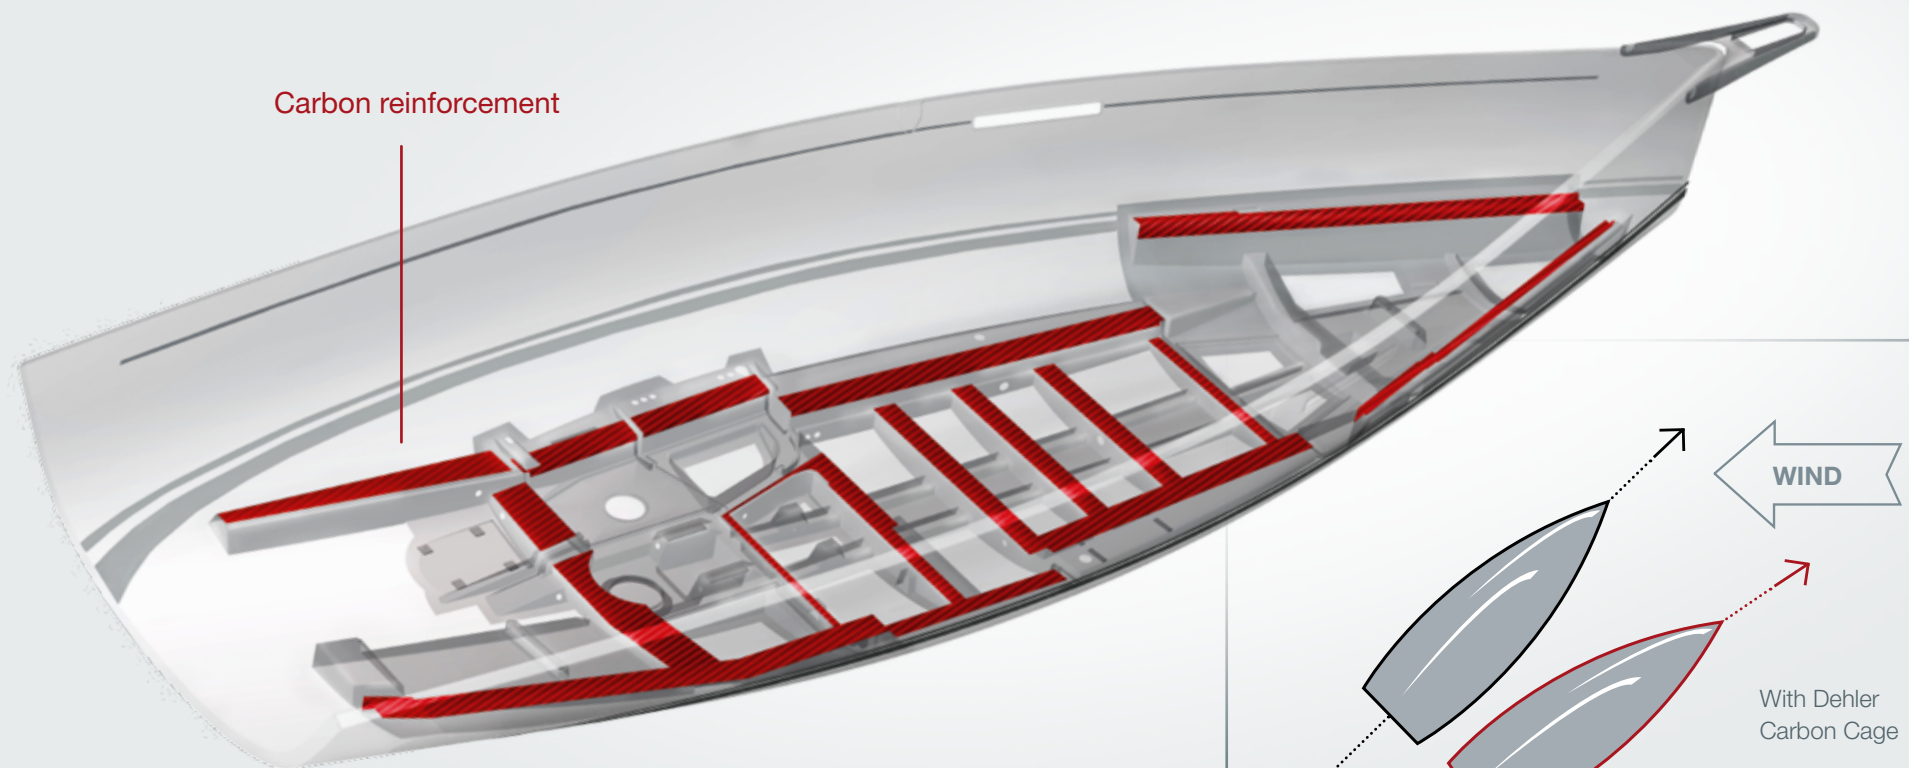

A rigid floor structure is the secret in strong and well performing hulls. Being the backbone of the yacht, it directly affects the sailing performance. That is why the Dehler Carbon Cage comes as standard with the Dehler 34.

HOW IT WORKS

The floor structure is reinforced with carbon fibre at thoughtfully selected points.

LESS TORSION

The torsion of hull is minimised under high rig loads and in high seas, so it better withstands the forces of water and wind.

A NEW LEVEL OF STABILITY

The rigidity of the mast base is increased by 50%; the inner grid is 25 % stronger.

HIGHER LONGEVITY

A hull less stressed lasts longer and extends the life span of your yacht.

CLOSER TO THE WIND

The Dehler Carbon Cage benefits not only ambitious sailors, it also increases the general sailing fun onboard.

Dehler
