LET YOUR
ADVENTURE BEGIN

LIVE YOUR ADVENTURE TOGETHER WITH US

We live to explore beyond. Our passion for the outdoor activities empowers you to discover places you never knew existed, to experience nature at its purest and to break new ground. With Axopar it is all about where our boats can take you on your voyage, for you to experience more on your journeys, and for those not choosing the most direct route.

Boating is all about freedom and the joy of discovery. We, at Axopar, want to inspire you to explore and open new perspectives. Nothing inspires us more in return, than seeing our boats on the water, creating excitement and life-long memories amongst our owners. We want to make boating accessible for anyone, anywhere in the world in a more sustainable way.

Are you ready for a new adventure? Whether it be rediscovering your local surroundings and scouting beyond your regular moorings in search for that hidden beach, finding a secluded trail or exciting diving spot, or relaxing with your family in the afternoon sun to simply escape your normal routine.

We take you there!

MAKE LIFE YOUR
ADVENTURE

AXOPAR 37 XC CROSS CABIN

The new Crossover challenges convention in both looks and onboard functionality, which brings a new era to all-weather boating.

The Axopar 37 XC Cross Cabin takes you further on your journey, whether it be in the harsh cold seas of Svalbard, in the sunny and warm Caribbean or surrounded by the bustling streets and stunning skyline of Manhattan. Every square on board is used for socialising and practical living; indoors and now outdoors as well, infused with a myriad of new onboard solutions and functionalities, no matter if cruising or spending time at anchor.

Forget the old prejudice that a cabin boat is only about spending time inside the cabin; the new Axopar 37 XC Cross Cabin raises the importance and functionality of the deck areas to make them as sociable and practical as the comfortable inside spaces. The innovative Gullwing Door concept* opens up the front cabin, and the sociable foredeck seating with table* or large sun-deck*, in addition to versatile aft-deck modules. This ensures that our customers get a boat with the equipment they need, for whatever purpose they spend their time onboard and wherever they are boating.

The Axopar 37 XC Cross Cabin is a the perfect platform for every adventure at sea.

**Sold as optional equipment*

Make life your adventure with this stunning and unconventional all-weather performer that smoothly combines functionality, ease of movement and great social areas. Stay in close touch with the great outdoors and swing open the sliding cabin doors to take it all in or head out to explore further shores with the adventure gear you bring along.

Mercury's Vessel View® on-board management system has more information and data on boat and engine functions than any other system in the boating industry. The LCD screen is the information portal to your boat, allowing you to display engine information, genset, sounder, and much more. Additionally, you can also get unique insights with the Vessel View Mobile app that makes it possible to connect to the engines from a mobile device.

Sit back, relax and fully take in the scenery and beauty of a sunny day from the comfortable and wide sunbed area on the foredeck of the Axopar 37 XC Cross Cabin.

A large windscreen and side windows provide excellent all-around visibility, giving full panoramic views when enjoying memorable moments inside the cosy cabin. The L-shaped sofa and table in the rear of the cabin form a perfect place to socialise and entertain guests.

The bow is a perfect place to socialise with friends and family in the open air, where the seating area with optional fixed sundeck can be utilised for sunbathing and relaxing. You can find an openable, lockable storage box under the sunbed.

AXOPAR 37 SUN-TOP

The Axopar 37 Sun Top (ST), with its multi-purpose characteristics, immediately proved itself to be a perfect combination of open and enclosed boating since its launch.

The new 37 ST version, however, is loaded with a myriad of innovative functionalities and creature comforts. The extended roof offers the best shade and weather protection possible; this without compromising on the space and versatility of the walkaround sides and aft-deck area. The optional new roof-rack* and multi-storage compartment* give you the possibility to bring and transport all your adventure gear with you.

Of course, the 37 ST has more than enough versatility for enjoying all day long hospitality and all kinds of water-sports fun and to mix the perfect boating cocktail just add friends and family. It is in every way a long-distance comfortable passage-maker. Its impressive driving characteristics, enclosable*, protected helm and clever design all allow for even wider, multipurpose usability and comfort.

**Sold as optional equipment*

Seven comfortable sports seats, where the helm seats rotate and are length adjustable, form a large sociable seating area together with the extendable dining table. It is a perfect place to entertain guests and enjoy a meal, or just relax away from the hot sun.

The extended roof offers weather protection when needed, and by opening the large sliding canvas roof you can enjoy sunshine in the entire helm and cockpit area.

Gullwing doors redefine how an enclosed front cabin can be best utilised to provide a more sociable feeling and encourage full interaction with one's surroundings, making the front cabin feel like it is part of the outdoors.

If you want to stand out from the crowd, choose the optional BRABUS Line Trim package. To take your boat's looks a step further, opt for the cool and unique BRABUS Line Miami Blue colour upgrade (see page 30).

The standard built-in electric flush toilet, with 70L septic tank, is easily accessible under the L-sofa in the front cabin. A fully enclosed toilet compartment, extendable with shower, is available as an option. (See page 39 for more.)

Picture presented with optional Mediterrana Package.

Pack it all up to take it all in: Whatever you need to be, the explorer that you are, have it all easily packed and safely stored on your Axopar. Fully enjoy your day out, knowing you have all you need with you.

AXOPAR 37 SPYDER

You love the feeling of driving a very competent, open speedboat with fantastic grip and handling, which provides an extremely compliant ride. You prefer the wind in your hair, having great allround visibility, and the opportunity to be one with your surroundings.

The Axopar 37 Spyder is a trendsetter; an exciting dive-excursion boat, a wakeboarding or water-ski boat, and your true playmate for blasting offshore, letting you enjoy the user-friendly characteristics and safe, responsive nature. The Spyder features a functional walkaround deck, with plenty of aft-deck space, and a huge multi-functional storage solution, combined with sun-deck*. The Axopar 37 Spyder is also the perfect choice for use as a tender or chase boat for superyachts. It is fast, safe and fun to drive, and it is easy to dock and store due to its low height and weight, compared to other 37 footers.

The Axopar 37 Spyder is a true competitor to RIBs and open speedboats, but with so much more space for socialising, safer passages and extraordinary comfort. The Spyder is a boat that keeps on giving, not just for high-speed pleasure and undiluted fun, but one that will satisfy the senses, even when lying at anchor with an easily mounted, light-weight sun-shade providing shelter from the sun in the cockpit area.

**Sold as optional equipment*

What would a day out on the water be without your loved ones around you. As diverse as your company on board, so too is your Axopar.

To meet everyone's needs, this stunning cruiser offers increased comfort and convenience by easily transforming the bow into whatever you need it to be: a place to relax and take in the sun or a social space for gathering up and enjoying some quality time together over a good meal or a thrilling board game.

The walk-around layout, with optional side rails and enclosed passageways, makes for easy, functional moving around onboard and provides a safe environment for both young and old passengers.

The spacious fore deck, with seating arrangement and table, is a perfect place to socialise with family and friends for a quick snack or lunch.

The large anchor box in the bow will hold the anchor, fenders and ropes easily, as well as other equipment you need for your journey. The optional Anchor Hatch Cushion creates additional seating for up to two persons.

If you desire additional seating for your guests, the Aft Deck Folding Seats are a great option for increased comfort and convenience on the water.

The optional Wet Bar package gives you full access to a refrigerator, sink and more storage on the aft deck. You can further upgrade your Wet Bar with an optional gas grill, which allows you to cook your favourite dinner on board in the open air.

Picture presented with optional Mediterranea Package.

Picture presented with optional Wet Bar package and further upgradeable Gas Grill and aft deck Folding Seats.

The driver-focused ergonomic helm, with its clean and uncluttered dashboard, ensures the skipper will always remain confident and in control when handling the boat, even single-handed.

An optional Glass Helm Simrad Information Display 2 x 12" is available, with fully customised, innovative, driver-focused user interface. This includes integrated vessel startup check, and eco/sport driving modes with active driving assistant features. The entertainment and media is controlled and monitored via the intuitive single-touch glass display.

A fully enclosed Toilet compartment is available as an option in the forward cabin, with frosted separation wall. Utilising this solution, the forward cabin is split into a lounge and an accommodation area, with a separate toilet and shower cabin, which improves comfort and privacy onboard.

Picture presented with the optional enclosed Toilet compartment and optional Mediterrana Package.

The standard toilet bowl is moved to the starboard side, mounted transversely in the optional Toilet compartment.

Optional Toilet compartment is further upgradable with an optional Shower.

THE NEW MEDITERRANA EDITION

Axopar 37 is going full on Mediterranean chic. Inspired by a laid-back Mediterranean spirit, and a love for lounging and socialising onboard, we have developed the new Mediterrana Edition for the Axopar 37 range.

Now we have fully utilised the perfect layout of the Axopar 37 range, further enhancing their appearance with more relaxed, elegant looks and comfort on board.

The Mediterrana Edition is available for all Axopar 37 models. You can now choose to upgrade your boat with comfortable and plush cushioning on the fore deck, where the existing seating has been further extended for the ultimate sun lounging experience.

Experience the biggest impact on the Spyder and Sun-Top models, with the plush aft sofa cushioning, and the length-adjustable sofa at the helm with foldable backrest and armrests.

Enjoy further enhanced functionality on board and the feeling of open air socialising with friends and family.

AXOPAR ADVENTURES

It won't take you long to adapt to the laid back lifestyle that characterise the colourful mediterranean coastline. Find a spot in the shade to relax with a glass of wine in your hand after taking a stroll in the charming old vinyard. When you feel ready to take on the next small town, surround yourself in the same vibe on the Axopar 37 until you reach your next destination on your Mediterranean Getaway.

Axopar 28 Range Specifications	Page 78

CREATE YOUR
OWN ADVENTURE

AXOPAR 28 CABIN

Less sportsboat, more Gran Turismo, the Axopar 28 Cabin opens up a world of possibilities for extended voyages and longer average journey times, and with the option of an Aft Cabin, this is our biggest selling model so far.

With the capacity to seat up to five people within a bright and airy, full weather-protected environment, there is ample incentive for an owner and guests to spend, not just a few hours onboard, but several days and even weeks, enjoying their Axopar 28 Cabin to the full. The cabin does offer occasional sleeping possibilities for one or two, but customers find the Aft Cabin option is an even better solution for genuinely comfortable, dedicated overnight stays and spontaneous weekends away, which will soon become your boating norm.

Versatile by design, the walkaround side access and aft-deck (in standard form) is a large, flat and practical space that works well as a platform for fishing, or water-sports activities and suchlike. As with other models across our ranges, the aft-deck can be configured either with, or without, an additional rear-facing bench seat and storage box, or for all-day hospitality our dedicated drinks serving area and wetbar module option is a must. Go further and stay out longer with the Axopar 28 Cabin.

/ GOTHENBURG ARCHIPELAGO, SWEDEN 57°35'59"N 11°48'31.6"E

The 80cm/2ft 8in shallow draft enables access to all kinds of new places and offers the possibility to discover hidden beaches, bays and idyllic anchorages.

The Axopar 28 Cabin is a multifunctional craft with modern, smart lines, which is fully enclosable for all weather conditions, yet open for warm and sunny summer days. It features a spacious, bright, comfortable cabin with wide sliding doors and a large sliding canvas roof. For spontaneous overnights, the sofa inside the cabin converts into a double bed.

/ THE HIGH COAST, SWEDEN 63°07'11.8"N 18°45'12.3"E

Our wide choice of optional extras lets you configure your new Axopar to fulfil your ideal needs. Shown here, nestled conveniently inside the cabin, is the freshwater system with sink & faucet, and top loading refrigerator.

Make sure no place is left unseen. Naturally, a boat can only take you so far - but an Axopar takes you further. Switch from one explorer to another and easily launch your kayak to reach even more phenomenal places, shallow bays and hidden caves.

The driver and co-driver seats can be turned to face the sofa for entertaining guests at the optional table. This is a perfect place to socialise and enjoy lunch or a cup of coffee with your friends.

Aft deck options shown here include a fully plumbed Wet Bar module, or an Aft Cabin with versatile stowage hatch (seen with and without cushions). There's also an option for a rear-facing bench/storage box, or to leave the entire aft-deck space completely clear.

Our optional toilet package, located centrally in front of the main console, is an ideal and convenient addition for those who love spending as much time as possible on board during the day and night.

AXOPAR 28 T-TOP

Sometimes having too much sun can be even more unpleasant than not having enough, which led Axopar to design a smart T-Top with large, canvas roof shade, mounted to a sturdy, permanent metal frame.

This is a highly versatile, multi-purpose, walkaround sports cruiser, where form & function have been fused together to create the Axopar 28 T-Top. The roof successfully protects the front and rear passengers from the exposure to too much sun. Knowing you and your guests can now spend even more time on the water, means options such as the toilet, washhand basin and top-loading fridge are examples of useful upgrades that Axopar can offer to make life afloat more comfortable.

The optional Aft Cabin is ideal for those who live too far away from their boat wanting to return home for the night and also perfect for those impromptu weekends away with your partner. The Aft Cabin allows for comfortable overnight sleeping accommodation for two. The same space doubling as significant extra stowage when not in use as accommodation. All day long hospitality is easily arranged when you have a dedicated drinks serving area. Our fully plumbed-in wet bar module is a clever touch that is bound to impress your friends with an end-of-day sundowner, or day-long supply of your favourite ice-cold beer.

/ LA SPEZIA, ITALY 44°03'767"N 9°51'37"E

A clean and modern looking, full glass, bespoke graphic user-interface screen. The Simrad IDS system (Dual 12"), is an integral aspect of the boat's overall design. Driver focused, it offers integrated vessel start-up check, eco/sport driving modes with active driving-assist features, entertainment and media control and monitoring via a simple touch-screen display.

With the foredeck, the cockpit and the aft-deck to consider, the T-Top's incredible use of space provides three different sociable zones to enjoy at any time of the day.

A foredeck sun shade extends the available space for lounging on board whilst remaining protected from the harsh heat, and is easily assembled, disassembled and stored away when required.

The Axopar 28 T-top is the ultimate leisure boat for anything your adventurous heart desires: trips to your favorite anchorage, water-sport action, sunbathing or spot-on action-time with friends and family. This sleek cruiser sets the stage for all on- as well as off-water activities. Easily unload your favorite adventure gear and be right on track.

/ KNYSNA LAGOON, SOUTH AFRICA 34°02'49.2"S 23°0'46.3"E

The BRABUS Line Trim Package includes, for example, a suede covered steering wheel and suede covered co-pilot grab rail with discreet BRABUS logo branding. The exterior features black rub rails, BRABUS Line signature branding and all main exterior stainless-steel parts specific to each model (eg handrails, light mast, T-Top roof mounts etc) are finished in a matching black painted colour scheme.

AXOPAR 28 OPEN

A perfect choice, even for those who have never even considered buying an 8m motorboat up until now. The user-friendly characteristics, combined with its intuitive & responsive nature, make the Axopar 28 Open version an ideal first-time buy.

Six comfortable, forward-facing seats in two rows, with individual bolster cushions for the front row, offer more pleasurable views than boats with side-facing equivalents. The view ahead means that everyone onboard will see, feel and experience the same kind of exhilaration as if each person was sitting behind the steering wheel.

There's plenty of aft-deck space, combined with additional stowage, making this model one of the most versatile and practical options within our range. Use the Open model when spending time with your family, for exploring beautiful coastlines and cruising undiscovered bays, or as an exciting dive-excursion boat, a wakeboarding or water-ski boat, or simply for blasting offshore to your favorite fishing reef. And from an ultra-pleasant day-cruiser to an über-cool sports weekender, why not transform your leisure boating options in an instant, by specifying our aft-cabin, comfortable overnight accommodation package?

Many of us lead busy and hectic lives and our free time is a precious commodity. That's why everything about an Axopar has been designed to let you get the most from your valuable time spent on the water.

Whether it is a place to entertain guests, enjoying the sun with your favourite refreshment or having a front row experience, the bow L-shaped sofa will surely be one of the top spots spending your day at sea.

The Axopar 28 Open is a spacious, walk-around day cruiser with unmistakable style, combined with an agile and fuel efficient hull. This versatile and easy to handle craft has plenty of room, thanks to its spacious configuration for sunbathing, watersports, fishing, socialising or just cruising the coast.

Whether it is for a siesta mid-way through the day, or those occasions when you want the convenience of sleeping on board overnight, the Aft Cabin option is a wonderful refuge at any time.

IT IS TIME FOR
A SHAKE-UP

THE AXOPAR 25 CROSS BOW & CROSS TOP

It is time for a shakeup and the Axopar 25 provides just that – an innovative and compelling solution, but strictly adhering to its proven award-winning legacy and DNA.

The Axopar 25 Cross Bow is for anyone looking for something more than just a straightforward day-boat. Axopar's foray into the thriving world of cuddy cruisers is another leap forward in terms of value for money; now offering more space, more overall comfort and more all-round capability.

A good spread of deck seating modules and storage options will enable customers to configure the boat precisely according to their needs. The picture below presents the optional multi-storage compartment with seating (either for four seated sideways or two facing forward with sun pad rearwards), or the forward-facing rear bench seat for two-people as standard.

A full width cushioned sundeck is positioned atop the cabin roof, with a sloping back rest that follows the rake of the front screen.

The ultra-cool looking Axopar 25 Cross Bow has a raised 'cuddy cabin' sleeping accommodation, where the cabin defines the character of this remarkable new boat.

You can opt for a cleverly hidden day heads with a 32L septic tank in the front cabin that can be easily accessed by lifting the cabin bench lid.

The cushioned sundeck atop the sleeping cabin invites to hangout and socialise with friends or lay back and enjoy the surroundings with chilled refreshments by your side.

Whether for fishing trips, diving, water-skiing or any other form of coastal cruising escapism and adventure, the trailerable Axopar 25 is the new market standard.

25 RANGE

Axopar x Jobe Revolve & Revolve XXII	Page 108
Axopar 22 Range Specifications	Page 124

AXOPAR 22 T-TOP

The Axopar 22 T-Top adds a new dimension of functionality to the Axopar 22 range. The cool-looking Axopar 22 T-Top offers some of the best-in-class handling and performance on the market, combined with solid, competitive pricing.

Designed so that it takes nothing away from the thrill and sheer enjoyment of the 'full-open' Axopar 22 Spyder, the Axopar 22 T-Top takes the ownership experience further. The all-weather T-Top roof consists of a fixed canvas top within a GRP surround, mounted to a raked-back, cool-looking, black painted aluminium targa-frame.

With substantial headroom, the cleverly proportioned size and shape of the T-Top roof will ensure a good deal of protection from the elements, both for those seated at the driving console and for those seated in the areas immediately behind.

The unique, eye-grabbing Axopar 22 T-Top not only has the looks, but is a true performer, offering one of the best driving experiences ever; unparalleled stability, agility and handling, combined with best-in-class seaworthiness.

AXOPAR 22 SPYDER

We have expanded our fleet of premium boats to the competitive 22-footer market with a product that, together with fantastic value for money, represents all the key unique features and functionalities that define a true Axopar.

The phenomenal Axopar 22 range was launched to the world in December 2020 with typical Axopar flair and panache, exploding onto the marine market like a firework display in the night sky. The über cool Train Factory building in Helsinki was picked as the perfect location for broadcasting the first livestreamed product launch in the history of Axopar.

Waiting to be unveiled under cloth were the incredible new Axopar 22 Spyder, in crisp white, on a trailer behind a stunning new Land Rover Defender, and the crown jewel of the collection – the stunning Axopar x Jobe Revolve XXII in jaw-dropping turquoise.

The cool-looking Axopar 22 Spyder is a true driver’s boat, offering first-in-class handling, seaworthiness and safety, combined with the efficiency and comfort that its bigger 28ft and 37ft siblings are renowned for. A smart boat that packs a punch and will turn heads wherever you go.

A Launch Like
No Other

The multifunctional U-sofa layout on the aft deck is an ideal space to comfortably seat up to 6 adults, with a table that provides ample space for al fresco dining.

Simply drop the optional additional sun bed cushions into place to create a wide sun pad that serves as a spacious, comfortable area to bask in the warm sun with a cold beverage.

Our eye-grabbing hull not only looks good and retains that special Axopar aesthetic, but it has been painstakingly designed to maximise hull width, for improved stability and drivability, resulting in the most stable 22-footer possible. A large flare at the bow ensures buoyancy in rough conditions, and the typical Axopar chines and double-step hull combine to give lift and minimise drag.

The development of this hull, the most complex ever designed and manufactured by Axopar, results in a boat that not only inspires confidence in a beginner, but one that will also impress experienced boaters.

Both the driver and co-driver seats can be turned to face the sofa for entertaining guests at the optional table. This is a perfect place to socialise and enjoy a lunch or cup of coffee with your friends.

/ HELSINKI, FINLAND 60°09'14.1"N 24°57'26.1"E

In just a few short moments, you'll feel relaxed, at ease and fully in control behind the wheel of an Axopar. Responsive handling and safe characteristics make driving as simple and intuitive as if behind the wheel of a modern-day car.

By implementing a classic Axopar hull in a smaller size, the outcome is a boat that is easy to manoeuvre in tight spaces with minimum windage impact.

The Axopar 22 Spyder is capable of commuting comfortably in changeable conditions and remains predictable and logical in its behaviour, no matter what weather conditions are thrown at it.

AXOPAR X JOBE
A TOTAL WATER SPORTS
EXPERIENCE

AXOPAR X JOBE REVOLVE & REVOLVE XXII

Axopar and Jobe Sports present the first ever partnership to produce a boat range specifically tailored to its matching water sports products. Our shared passion for fun on the water, innovation, knowhow and our years of experience have allowed us together to create one of the best water sports concepts in the leisure marine industry.

The Axopar x Jobe Revolve, and its flagship model the Revolve XXII, are based upon the Axopar 22 Spyder, representing the results of a long-term, in-depth design and manufacturing collaboration between the Axopar and Jobe families - a partnership guaranteed to extract the maximum amount of fun and pleasure from being on the water.

The Axopar x Jobe Revolve makes an unmistakable impression, with its white hull and Jobe graphics package, featuring neon green detailing and further complemented by extensive interior detailing in turquoise, filled with Jobe detailing and touches.

For those searching for the ultimate Jobe experience, the unforgettably named flagship REVOLVE XXII comes with a custom-made, hand-painted special turquoise colour throughout the whole boat, accompanied by an extended full-size 'Revolve' hull-wrap graphic.

Axopar x Jobe Revolve boats have a striking and vibrant colour scheme, graphics and patterns seen extensively across all detailing, custom-made elements and on the Jobe products that are delivered as standard with the boat. These features immediately 'interconnect' Axopar and Jobe seamlessly together.

The multistorage compartment allows you to bring all of your water toys with you for your adventures, and makes for a perfect sun lounge on the aft deck. The back rest works in two different positions.

/ CANNES, FRANCE 43°32'19.1"N 06°59'42.6"E

The Axopar X Jobe foredeck hammock is a compact solution that lets you quickly and easily transform your foredeck into a perfect sun lounging space. Kick back and relax in the sun after a fun afternoon of water sports or island hopping, but don't be surprised if your children won't let you have a turn. When you are finished, just unhook the straps, roll the hammock up and store it with minimal fuss.

Lose yourself in the stunning design and details; whether you have chosen the eye-catching neon green and turquoise graphics on a white Revolve hull, or the fully turquoise masterpiece that is the Revolve XXII.

Each Revolve boat features an array of incredible aesthetic details that celebrate the combined craftsmanship of Axopar and Jobe, including rubber badges on the anchor locker hatch and graphics on the outer hull.

The non-slip EVA deck pads from Jobe's highest quality SUP boards work as deck material on Revolve boats. This durable material is a perfect choice for added grip, comfort and a warm feeling underfoot on the boat, finalising that Jobe "touch".

/ PALMA, SPAIN 39°28'24.19"N 2°31'22.1"E

Enjoy supreme comfort and convenience with separate driver's and co-driver's seats, featuring 180° swivel function and flip-up, high-rise bolsters for a raised driving position for occasions when maximum visibility is required. The angle of the windscreen is also adjustable, giving full protection while you are seated, and also allowing you to raise the top of the windscreen higher for protection while driving in a standing position.

There is ample room in the bow to create a relaxing social space that won't inconvenience your guests using the aft deck for other purposes. Relax with a cold drink on the optional front deck seat with backrest, or add the optional bow table and forward-facing console bench to perfectly host a small family lunch in the fresh, open air.

Unique new water sports gear has been exclusively developed and manufactured for the Revolve models; for example the custom-made Peak towable water toy that fits perfectly inside the bow area underneath the foredeck seating.

THE BRABUS LINE TRIM PACKAGE

For those wanting to further enhance the sporty appearance and detailing of their Axopar, the BRABUS Line Trim Package is for you.

For 2022, the BRABUS Line Trim Package includes unique cockpit and cabin seat designs with diamond-stitched patterning, a suede-covered steering wheel and suede-covered co-pilot grab rail with discreet BRABUS logo branding. The exterior of the hull features black coloured rubrails and all main exterior stainless-steel parts specific to each Axopar model (eg. hand-rails, light mast, T-Top / targa arch) will be finished in a matching black painted colour scheme.

The BRABUS Line Trim Package can be further enhanced by selecting one of our two exciting hull & roof colours: Choose from vibrant and playful Miami Blue, or a more discreet Platinum Grey. The Colour Edition is a duo-tone colour package, whereby specific parts of the boat are coloured and other parts are left uncoloured in standard delivery white.

AXOPAR AWARDS

Axopar is well known for its hugely successful, multi-award winning range of premium motorboats. Below we have gathered some of the awards that our brand has recieved:

Axopar Boats won the 2021 Marine Industry Customer Satisfaction Index (CSI) Award, for excellence in customer satisfaction, and was also awarded this title in 2019. Axopar is the only European boat manufacturer to receive this award in these years.

The CSI Awards honor boat and engine manufacturers who actively measure customer satisfaction and pursue continuous improvement. The award is an independently-measured standard of excellence of 90 percent or higher in customer satisfaction over the past year, surveying over 175,000 customers.

Beyond The Horizon

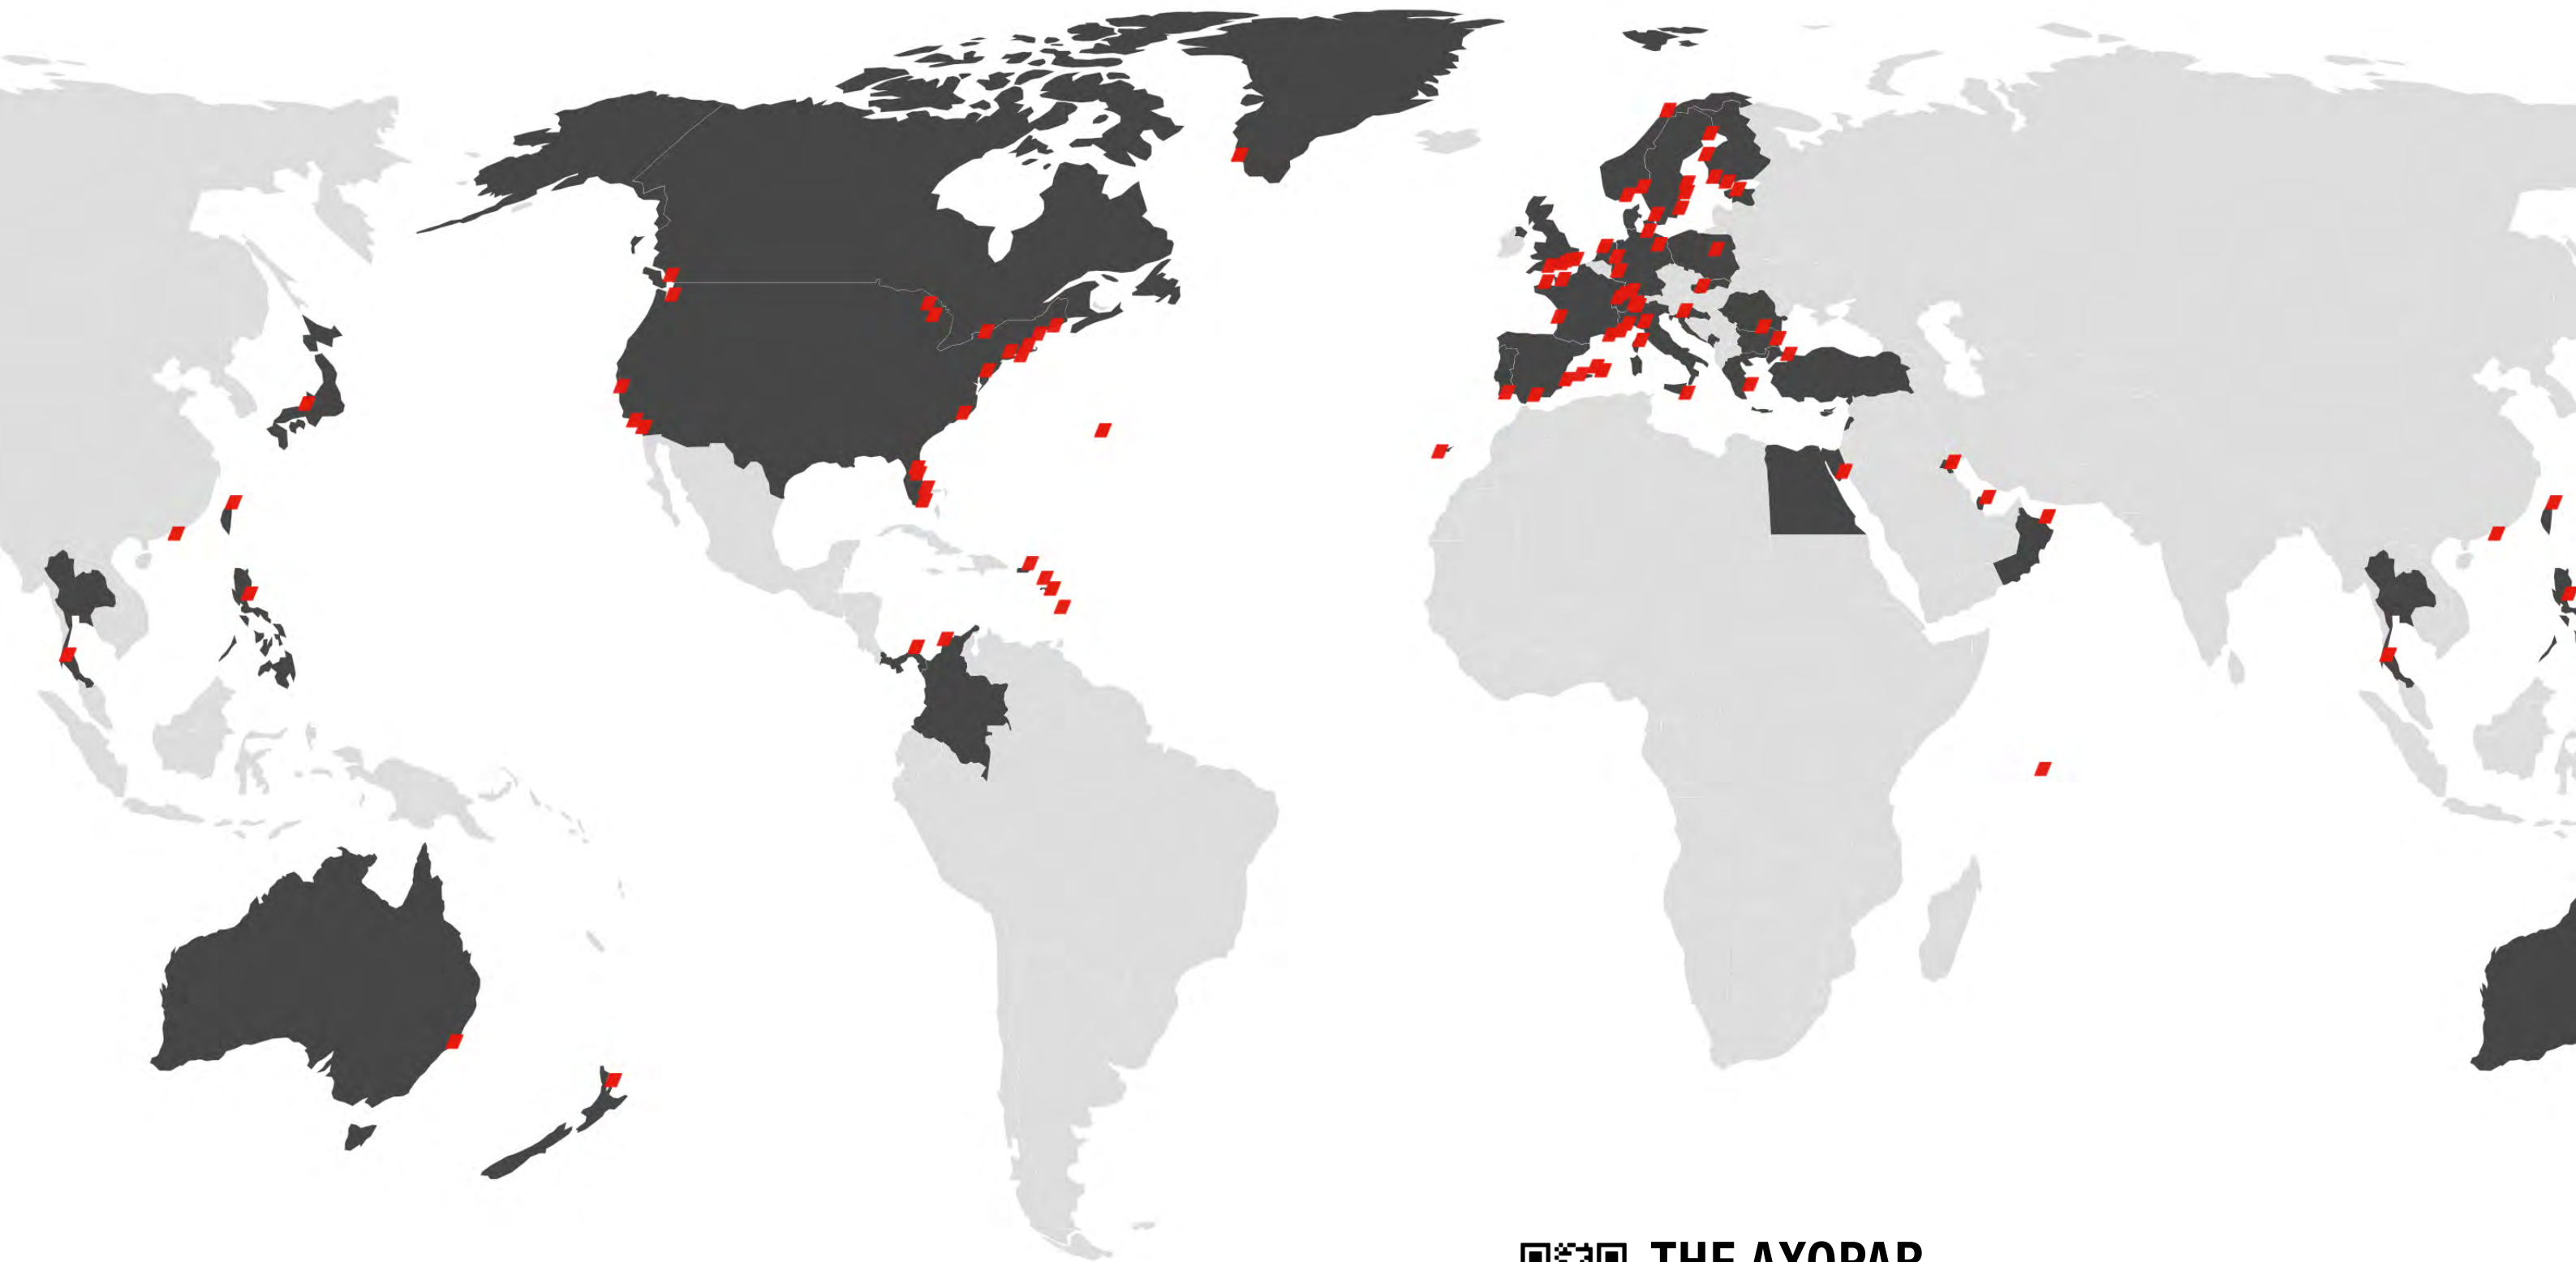

BEYOND THE HORIZON

We are excited and privileged to be a part of this project, where the Powerboat & RIB magazine team in the UK will be taking out the Axopar 28 Cabin on fantastic adventures along the coastlines of the UK and Ireland.

The main goal is to attract new boaters and build confidence in existing boaters to explore beyond the horizon, experience new scenery and collect lifelong memories. There will be 12 episodes broadcast throughout 2021 and 2022, each accompanied by a series of tuition videos and an adventure travel blog, featured both online and within the Powerboat & RIB Magazine; giving you a reference guide to plan your own adventures!

BRABUS
MARINE

REDEFINING PERFORMANCE DAY BOATING

BRABUS Marine is the result of the cutting-edge alliance between two of the most renowned companies in their respective fields. Bringing together the long-established, high-performance luxury automotive car producer BRABUS and the award-winning Finnish boat builder Axopar Boats, to redefine luxury day boating through a range of ultra-exclusive and exciting powerboats.

BRABUS Marine combines the best of both worlds, functionality and style of an Axopar fused with the strong presence of luxury, power and performance of a BRABUS product:

PERFORMANCE – All boats are characterized by superior performance courtesy of the latest high-tech engine technology. Through an unwavering commitment to perfection and a pursuit to redefine the superlative, the BRABUS Shadow range offers exceptional in-class power, an unparalleled driving experience and endless “go-anywhere” capabilities.

LUXURY – The dual-personality design ensures that performance figures do not come at the expense of on-board luxury. BRABUS Marine guarantees sophisticated comfort as well as exclusivity on and below deck designed for a selected group of boat owners who wish to enjoy only the very best boating experience. The BRABUS Shadow range was developed to impress; with a wide selection of bold, instantly recognizable design features, as well as striking aesthetics underlining every inch of the hull down to the smallest detail.

FUNCTIONALITY – Beyond the right looks and performance, BRABUS Marine as a brand stands for accessibility, comfortable handling and unmatched drivability. Through a 100 % tech driven development approach, we combine functionality with ease of movement. All BRABUS Shadows are packed with smart innovations, finest technical solutions and supreme comfort.

THE ADVENTURE COMPANY

Axopar, the adventure company, is one of the fastest growing boat brands in the world. The success derives from the 'One boat, one world' concept. It stands for boats that are multi-functional and accessible for the many, anywhere around the world.

As a forerunner committed to continuous innovation, the company listens to its global community of Axoparians and shares the same respect and passion for nature. Axopar's mission is to open new perspectives by bringing people out on the water and creating boats that make waves in the boating industry.
