GTO

The Galeon 435 GTO is the next-in-line of powerful, outboard models with its sleek contours and versatile space distribution on board, bound to stand out in any marina. The silhouette is a clear evolution of the acclaimed 375 GTO with even more aggressive lines and eye-catching details fitted onto the two-tone exterior. The striking side profile features full-length hull windows and partially glazed balconies, while the wheelhouse has unobstructed, 360° views.

Immerse yourself in a sleek and modern helm inspired by high-performance sports cars with a luxurious feel.

Note: Layout and features may vary from shown here due to manufacturer consideration and client customization.

Have more space to stretch out and enjoy hovering above the water in Beach Mode

The forward cabin feels like that of a much larger Galeon yacht, plenty of natural light with best in class head.
